REPORT OF SUPERINTENDENT

—OF—

Territorial Board of Health

—FOR—

OKLAHOMA.

TERRITORIAL BOARD OF HEALTH.

Dr. B. F. Hamilton, President, Shawnee

Dr. E. G. Sharp, Vice President, Guthrie.

Dr. E. E. Cowdrick, Enid.

Secretary and Superintendent of Public Health.

OFFICE OF THE SUPERINTENDENT OF PUBLIC HEALTH AND SECRETARY OF THE TERRITORIAL BOARD OF HEALTH.

Enid, Oklahoma Territory, December 1, 1904.

To the Hon. Thompson B. Ferguson, Governor of Oklahoma and the Legislative Assembly of Oklahoma.

Gentlemen:—In accordance with the Statutes of Oklahoma, I have the honor to submit my biennial report of work done for the period ending November 30th, 1904.

Yours truly,

E. E. COWDRICK, M. D.

Supt. of Pub. Health.

INTRODUCTORY.

In the compiling of this report I have tried to make it as brief as was possible and get the important business of the board before you in such a manner that you would understand at a glance what was being done in our department.

The true duty of the board is the protection of the public health against disease that can be avoided by advising our people how to live from a medical standpoint. This we have done in every instance where an opportunity was given us. And in most of them we have been censured for such advice, especially when such advice was followed by a quarantine being placed according to the following paragraphs in this report.

The following is the medical law for Oklahoma, which is now in vogue:

AN ACT REPEALING CHAPTER EIGHT OF THE STATUTES OF OKLAHOMA, 1893, ESTABLISHING A BOARD OF HEALTH, AND FOR OTHER PURPOSES.

Be it Enacted by the Legislative Assembly of the Territory of Oklahoma:

Section 1. There is hereby established a territorial board of health, composed of three persons, residents of this Territory, regularly practicing and legally qualified physicians in good standing, to be appointed by the governor and approved by the council. The term of office of each member shall be two years, and one member shall be designated by the governor as superintendent, who shall be ex-officio secretary of the board. The board shall elect one of its members as president and the other as vice-president.

Sec. 2. The president, when present, and the vice-president when the president is absent, shall preside at the meeting of the board. The secretary shall keep a record of the proceedings of the board and of his own proceedings as superintendent of the board of health. The board of health shall hold meetings every three months, due notice of the time and place to be given by the secretary.

Sec. 3. It shall be the duty of the board of health to examine applicants and grant licenses to those found to be qualified, and entitled to the same, to quarantine against outside territory known to be infected with contagious or infectious diseases, to condemn and destroy impure and diseased articles of food offered or exposed for sale in the Territory and to act in conjunction with the county and municipal boards of health.

Sec. 4. The salary of the Superintendent of the board of health shall be eight hundred dollars per annum, and he shall be allowed for records, supplies, printing and traveling expenses actually and necessarily expended not to exceed five hundred dollars per annum, which shall be paid upon sworn itemized statements. The president and vice-president of the board shall receive no compensation except fees for examination of applicants for license to practice medicine and surgery, which shall be equally divided between them, and actual and necessary traveling expenses, not to exceed one hundred dollars each per annum.

Sec. 5. No person hereafter shall practice medicine or surgery in this Territory without first obtaining a license from the territorial board of health. Application for license shall be made in writing, together with a fee of five dollars, accompanied by a proof of good moral character, and proof of ten years continuous practice, or proof of graduation from a reputable medical college. When the application has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear for examination at a time and place designated in such notice. Examination shall be made in whole or in part in writing and shall be sufficiently strict to test applicant's qualifications to practice medicine. All members of the board shall be present and participate in such examination. It shall be the duty of the person holding such license to register in the office of the register of deeds, in a book kept for that purpose, in the county in which person resides or intends to practice. Provided, that an osteopath shall not be required to pass an examination in materia medica or therapeutics.

Sec. 6. Any person practicing or offering to practice medicine or surgery in any of their branches, without first having obtained a license from this board, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than six months, or by both such fine and imprisonment at the discretion of the court, and all costs incurred therein.

Sec. 7. The provisions of this act shall not effect the rights of persons now legally practicing medicine, osteopathy or surgery in this Territory; nor shall it prohibit the application of domestic remedies by one member of a family to another thereof; nor administering of remedies by another in case of emergency, without compensation; nor shall it comply to any commissioned medical officer of the United States army, navy or marine hospital service, in the discharge of his official duties; nor to any legal qualified dentist, when engaged exclusively in the practice of dentistry; nor to any physician or surgeon from another state or territory who is a legal practitioner of medicine or surgery in the state or territory in which he resides, when in actual consultation with a legal practitioner of this Territory, nor to any physician or surgeon residing on the border of a neighboring state or territory and duly authorized under the law thereof to practice medicine or surgery therein, whose practice extends into the limits of this Territory: Provided that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this Territory; nor to any osteopath who shall pass examination in the subject of anatomy, physiology, obstetrics, and physical diagnosis in the same manner as required of other applicants before the territorial board of health, and who has thereupon received a certificate from the board which, when filed with the register of deeds, as is required in the case of other certificates from the board shall authorize the holder thereof to practice osteopathy in the Territory of Oklahoma, but shall not permit him to administer drugs nor to perform major surgery.

Sec. 8. The county boards of health shall consist of three persons; a legally qualified physician appointed by the territorial superintendent who shall be superintendent and secretary of the county board of health, the chairman of the county commissioners, who shall be president, and a legally qualified physician appointed by the board of county commissioners who shall be vice-president. The superintendent of county boards of health shall have power to abolish nuisances that are dangerous to the public health, to isolate persons afflicted with dangerous or contagious diseases, and to do such other things with the approval of the board as may be deemed necessary for the preservation of the public health. Such superintendent shall be paid for expenses actually and necessarily contracted in the discharge of his duties, together with fees for duty performed: Provided, that the sum total of such expenses and fees shall not exceed one hundred dollars per annum. Such bills of expense and fees shall be filed with the county clerk and allowed by the board of county commissioners, as other bills are allowed by them.

Provided, further, that should an emergency exist on account of the prevalence of any dangerous epidemic, such county board of health may make such provisions for the isolation and care of the sick as may be required, by and with the consent and approval of the county commissioners.

Sec. 9. Chapter eight of the statutes of Oklahoma, 1893, together with all Acts and parts of Acts in conflict herewith are hereby repealed.

Sec. 10. This act shall take effect and be in force from and after its passage and approval.

Approved March 12, 1903.

Below are the names and addresses of the County Superintendents of Health.

Garfield, Dr. H. C. Bowers, Enid.
Grant, Dr. C. T. White, Lamont.

Cleveland, Dr. C. S. Bobo, Norman.
Greer, Dr. G. F. Border, Mangum.

ORGANIZATION.

Early in April in 1903 as soon as the present Board was appointed the Secretary sent out a call for a meeting to be held in Enid for the purpose of forming a permanent organization of the Board of Health of Oklahoma. At this meeting Dr. B. F. Hamilton of Shawnee was elected President, and Dr. E. G. Sharp of Guthrie, Vice President. Dr. E. E. Cowdrick of Enid, Secretary and Treasurer of the Territorial Examining Board. The line of work of the Board of the Territory was marked out and during the two day's session of the Board a thorough organization was formed. The Superintendents of County Boards of Health at that time, holding office were re-commissioned, with a few exceptions, and where vacancies occurred new men were appointed. The branches upon which to select questions for examinations of applicants who applied for license to practice medicine and surgery in Oklahoma were divided as follews: Dr. Hamilton, Anatomy, Surgery and Physiology, Dr. Sharp, Chemistry, Urinalysis, Obstetrics and Materia Medica. Dr. Cowdrick, Practice of Medicine, Physical Diagonosis, Jurisprudence and Toxicology. These nine branches were considered to be a sufficient test of an applicant's ability to practice medicine and surgery and yet come fully within the meaning of the Medical Law. These quarterly tests to practice Medicine and Surgery in Oklahoma are given entirely in writing by said applicants and the result (papers handed into the Board) is graded and filed in said office of the Secretary as a record for further reference. The grade required in each branch is 66 2-3 per cent minimum. These examination questions are prepared prior to the date of examination, they are then attached to the paper used by the applicants for answering the questions, and each applicant receives the same branch at the same time. The time consumed to take the examination is usually something more than one day. The time consumed by the members of the Board in preparing the questions—conducting the examination—reading all examination papers, grading filing the same and registering the successful ones and writing licenses amounts to about five days time to each member of the Board. This amount of time consumed and the expense of attending these examinations together with the examination room rent, lights, fuel, janitor hire, stationary, pencils, etc., etc., make a total cost of $115.00, to $125.00 for each examination held. The fee for such examination goes to pay the President and Vice President for work done. These men are poorly paid, as a class must necessarily be large to reimburse them for the amount of actual expense not leaving any money for what they are supposed to know. Then there is during the three months intervening between examinations more or less time consumed in correspond-

ence and more or less time consumed in the entertaining of and talking to applicants who call upon them. At this first meeting of the Board a set of rules and regulations were formulated and adopted by the Board, which gave the Board some needed power to act in emergency cases and covering some points of very great importance that are not touched by the present Medical Law.

RULES FOR THE TERRITORIAL MEDICAL EXAMINING BOARD.

This Board will meet four (4) times each year in regular session—January, April, July and October—to pass upon applications for registration for those who can qualify and are desirous of entering upon the practice of medicine and surgery in Oklahoma, and those who wish to practice embalming. The Board will meet in extraordinary session when three or more applicants have filed their application and fee with the Secretary of the Board. In order to register in the Territory for the practice of medicine and surgery the applicant must pass an examination before the Board in the following branches, viz: Anatomy, Chemistry, Physiology, Materia, Medica and Therapeutics, Medical Jurisprudence, Surgery, Obstetrics, Physical Diagnosis and the general practice of medicine and attain a grade of 66 2-3 per cent in each branch. Said examination to all be in writing and be kept on file in the office of the Secretary as a part of the record of this Board. The fee shall be Thirty ($30) Dollars, five dollars to accompany application as forfeit for non-appearance at the specified time, and Twenty-five ($25) Dollars to be paid on the day of examination. In case of failure to attain the prescribed grade of proficiency the applicant may again take the test at the next meeting of the Board without additional fee. In case of a second failure, the applicant forfeits all claim upon the Board for fee paid. Persons desiring to practice embalming in Oklahoma are required to pass an examination before this Board on any meeting day, and if successful, will be issued a license which will be recognized by the railroads. Fee Twenty-five ($25) Dollars. Examination to be in writing and papers kept on file as a record. One return privilege allowable without additional charge. Grade 75 per cent. This Board will grant no temporary license. In writing for information of any kind always inclose a two-cent stamp.

DR. B. F. HAMILTON, President, Shawnee, O. T.
DR. E. E. COWDRICK, Secy.-Supt., Enid, O. T.
DR. E. G. SHARP. Vice-President, Guthrie, O. T.

The Board has always exerted its prerogative of passing upon the standing of a College or rather upon the Diploma which is presented to it by an applicant for examination, as one of his credentials, with the usual form of application and affidavit that has always been required. True, in a number of cases it has been proven that men have made false affidavits with regard to their school of graduation, or with regard to their having attended the college mentioned in such application. There is at the present time a suit pending against a certain Doctor in the Territory whose residence is Guthrie, instituted by the Territory of Oklahoma, for making false affidavit in this matter. Licenses have been revoked by the present Board where men who have made such false affidavit, and upon said affidavit have received license to practice Medicine and Surgery in Oklahoma, were confronted with the facts and letters from the alleged College of Graduation, showing that their license had been fraudulently obtained. These men would usually reluctantly surrender their licenses.

When it becomes necessary for the Board to take action in the matter of revoking licenses for cause it would seem that the power should lie with the Territorial Board of Health rather than to be obliged to call upon County Attorneys and have said licenses revoked through the Courts.

At the meeting of the Board in Guthrie about May 21st, 1903 the rules and regulations above mentioned were submitted to Attorney General Robberts with a request for an opinion with regard to their legality and the following opinion was received.

Dr. E. E. Cowdrick, Guthrie, Okla., May 22, 1903.
Supt. Territorial Board of Health,
Enid, Oklahoma Territory.

Dear Sir:—

I have examined the rules recently made by the Territorial Medical Examining Board, and have compared them with the existing statute defining the powers of the Territorial Board of Health. I do not believe that the rules conflict with the law, nor that they are in excess of the power granted to your Board.

Respectfully,
J. C. ROBBERTS,
Attorney General.

After having received the above opinion as Secretary of the Board of Examiners I answered each inquiry by sending with the letters a copy of said rules. These inquiries came from every state in the

Union. The number ranged from ten to thirty per day. Copies of the law, rules governing the Board as mentioned above were very thoroughly distributed to all of the adjoining states. In about one week from the time the opinion was received, the following letter was received from the office of the Attorney General.

Dr. E. E. Cowdrick, Guthrie, Okla., May 29, 1903.
Supt. Territorial Board of Health,
Enid, Oklahoma Territory.

Dear Sir:—

I am under the necessity of requesting that you make no use of the opinion rendered by me at your request relative to the legality of the rules formulated by the Territorial Board of Health.

I am not sure that you have not the power in all respects that you exercise. On the other hand I do not feel altogether convinced that you do have the power, and I desire very much to take a little more time for careful consideration of the various questions involved. The opinion is not so much, I think I shall find wrong as it is too sweeping and the points that I have especially in mind as being doubtful, is whether your Board has the right to charge fees for examination when the statute does not give you the power to charge fees or the right to charge a fee for the examination of applicants when the statute provides for a fee to be handed in with the application.

In order that the records of this office may be complete in your case as in all others, I should be glad if you would transmit a written request for an opinion upon all the points that you desire a legal opinion upon, and I shall at my earliest opportunity, give you the best judgment that I have.

Respectfully,
J. C. ROBBERTS,
Attorney General.

Mr. J. C. Robberts, Enid, Okla., June 6, 1903.
Attorney General.
Guthrie, Oklahoma.

Dear Sir:—

In answer to your favor a few days ago, the Board of Health surely appreciates your courtesy in the matter under consideration and may sometime avail itself of the proffered opportunity of asking an opinion on the particular point on which you speak.

Yours truly,
E. E. COWDRICK,
Supt. Board of Health.

The Board continued to conduct its examinations alcng the lines that were first instituted at the organization of the Board. At that time it was considered by the Board and by the advisors of the Board that the $5.00 fee mentioned in the law was the application fee to be used as remuneration for inspecticn and filing of the application ,and as a forfeit fee for the non-appearance of the applicant. Under those considerations, the Board added what it considered to be a fair examination fee, taking older states as a criterion. Examination fees range from $15.00 in Texas and other states to $50.00 in Ohic. The Board considered that a reasonable examination fee would have a tendency to elevate the standard of the practice of Medicine in Oklahoma by bringing more desirable applicants to the examination. This seemed to the Board to be the only equitable plan to adcpt. The higher the standard of the physician, the more protection to the lay people and the least objectionable would he be as a competitor.

As the letter of May 29, 1903, from Attorney General Robberts was simply an abatement cf his first letter or opinion, it did not seem to the Board to be necessary at that particular time to ask for an opinion as anything to the contrary of his first opinion was a topic fartherest from the minds of the Board. Without previous warning or any knowledge tc the Board prior to the day of December 4, 1903, the following opinion was published in the Kansas City paper and this letter two or three days later was received at this office.

Dr. E. E. Cowdrick, Guthrie, Okla., December 4, 1903.
Secretary Territorial Board of Health,
Enid, Oklahoma Territory.

Dear Sir:—

You will remember that some months ago the Board of Health presented to this office for its opinion a number of rules, regulating examinations by the Board of applicants for licenses to practice Medicine in the Territory, and at this time an opinion was expressed in general terms that the rules so promulgated were within the power of the Board to execute. You will remember that one of these rules provided for the appcintment of a fee of $25.00 by each applicant for examination. This rule was especially a subject for consideration by this office for the opinion above named was rendered and a subsequent letter was immediately written to you, asking that you make no use of the cpinion theretofore rendered, so far as it passed upon the question of the right of the Board to charge this fee. This letter requested you to prepare and forward to this office a written request for doubt, this to conform with our regular practice of expressing no cpinion without a written letter of request upon which to base it. This letter

was not received from you, and because of that fact the question had not been further considered by the office until recently a request for an opinion from another source reached us. I have recently had occasion to give this matter considerable thought and have arrived at the conclusion that your Board has not the power to require this fee of $25.00. Generally speaking, Boards of this character have only such power as are expressly given them by the statute. None is given in our statute which will enable you to demand this fee. This conclusion is strenghtened by the fact that the Legislature provided that a fee of $5.00 shall accompany each application. This in my judgment, denotes the interpretation of the Legislature, that this sum of $5.00 is the only amount which is required to be paid by applicants for examination.

Respectfully,
J. C. ROBBERTS,
Attorney General.

It will be seen by the comparison of letter number 2 and opinion number 3, that the Attorney General did not as he stated in his third letter ask for a written request for an opinion when he wrote the second letter. For this reason no opinion was asked for because the Board felt satisfied in its own mind that the rules and regulations were lawful, and that the opinion first rendered was all that was necessary. Immediately upon the receipt of the opinion rendered December 4, 1903, the Board discontinued the sending out of the rules and regulations, and also discontinued charging the examination fee of $25.00 for examination of applicants to practice medicine and surgery in Oklahoma. It will plainly be seen that the Board conducted almost eight months business in good faith and with no intimation on the Board's part of any wrong doing. The reversal December 4, of an opinion rendered the preceeding May has worked a hardship upon the Board besides causing the Board to expend a considerable amount of money. This hardship comes in the way of a suit instituted against the Board for the recovery of the $25.00 excess fee charged by the Board for examination conducted during the summer meetings of the Board in 1903. This reversal of opinion with regard to the legality of the rules governing the conduct of the Board of Health of Oklahoma caused a hardship to come upon the Board from another source. In December, 1903, the Board had arranged to at least try and revoke the license of some men who had obtained such license through false affidavit made in the application filed in this office for license to practice Medicine and Surgery in Oklahoma under the old law. The following is the notice that was served upon the offenders.

Guthrie, Okla., December 7, 1903.

Now on this December 7, 1903, the Territorial Board of Health met pursuant to notice heretofore given to Hiram W. Newby and Calvin D. Gulley of Guthrie and George H. Stagner of Coyle, Okla. in the office of the Hon. J. C. Robberts, Attorney General at Guthrie, Okla., to investigate the manner by which the persons named above procured license to practice Medicine and Surgery in the Territory of Oklahoma and to advise upon and to make findings as to the legality thereof.

Dr. Hamilton of Shawnee, President; Dr. Sharp of Guthrie, Vice-President and Dr. Cowdrick of Enid, Secretary, and Chas. H. Wood, Assistant Attorney General, Also Geo. H. Stagner and Calvin D. Gulley represented by their attorneys, Harper Cunningham, Hiram W. Newby not being present but represented by his attorney, W. B. Herod, whereupon the following proceedings were had: The said named individuals being investigated caused to be filed by their attorneys a demurrer to the jurisdiction of this Board in said matter, and the Board after hearing the arguments of Counsel for said persons in support thereof and being counseled and advised by Chas. H. Wood, Assistant Attorney General, upon said question and being fully advised overruled the same.

The Territorial Board of Health makes the following findings of facts upon the charges preferred against Calvin D. Gulley of Logan County, Oklahoma for practicing Medicine in the Territory of Oklahoma contrary to law.

First, that the affidavit made by the said Calvin D. Gulley in his application for a license from the Territorial Board of Health of Oklahoma was false in the following material respects; that the affiant was not at the time of making his said affidavit licensed under the laws of the state of Indiana, or entitled under its laws to practice Medicine in the state of Indiana.

Second, it is found as a fact that the diploma upon which the license of Calvin D. Gulley was granted purported to have been issued from the Independent Medical College of Chicago, Illinois. That this college was not recognized as a College of Medicine and had no regular course of instruction, nor was it such at the time of issuance of the said pretended diploma to the said Calvin D. Gulley, and that it is further found that the charter of the Independent Medical College was granted it by the state of Illinois October 20, 1896, and that the diploma, or the pretended diploma was issued to the said Calvin D. Gulley by the Independent Medical College of Chicago, Illinois on the 4th day of November, 1896.

Third. It is found as a fact that the diploma upon which the license of Hiram W. Newby was granted, purported to have been issued from the Independent Medical College of Chicago, Illinois. That this College was not recognized as a College of Medicine and had no regular course of instruction nor was it such at the time of issuance of the said pretended diploma or the pretended diploma was issued to the said Hiram W. Newby by the Independent Medical College of Chicago, Illinois on the 15th day of June, 1898.

Fourth. It is found as a fact that the diploma upon which the license of George H. Stagner was granted, purported to have been issued from the Independent Medical College of Chicago, Illinois. That this College was not recognized as a College of Medicine and had no regular courses of instructions, nor was it such at the time of issuance of the said pretended diploma to George H. Stagner and it is further found that the charter of the Ind. Medical Col. was granted it by the state of Illinois October 20, 1896. And that the diploma or the pretended diploma was issued to the said George H. Stagner by the Independent Medical College of Chicago, Illinois on the 24th day of October, 1898.

Final. It is therefore the conclusion of this Board and the findings upon the facts adduced that the said Calvin D. Gulley, Hiram W. Newby and George H. Stagner are not entitled to practice Medicine in Oklahoma, under the laws of the Territory of Oklahoma, nor have they ever been so entitled. And that any pretended license so to do having been based upon facts not entitling them to a license is to be deemed of no force and effect and as if no such pretended license had ever been issued.

B. F. HAMILTON, President.
DR. E. G. SHARP, Vice-President
E. E. COWDRICK, Secretary.

On December —the Board of Health met in Guthrie in the office of Attorney General, and the men upon whom notice had been served were present or represented by their attorneys. The matter of false affidavits was discussed, witnesses examined and the final conclusion reached that the Territorial Board of Health has absolutely no power governing emergency cases. This conclusion was reached from the fact that from the Attorney General's office the opinion rendered December 4, 1903 had relieved the Board of all its power excepting those which were specifically stated in the present Medical law. In the early part of the present year Attorney General Simons, as above stated has taken up the same matter and made it a Territorial case.

Another hardship as the result of the foregoing opinion is that which is worked upon the embalmers of the Territory. Some years ago a rule was made by the Board of Health at that time in vogue that embalmers should be licensed. Such licenses procured from the Territorial Board of Health by examination or the presentation of proper credentials upon which to grant a license. This rule was the result of a general order issued by the National Embalmers' Association, and by the Baggagemens' Association, to the effect that no Railroad in Oklahoma shall accept a body for shipment, unless the accompanying shipping paster is signed by an embalmer who is licensed in Oklahoma, and said license number be therunto attached.

Under the present ruling the Board has no legal authority to examine embalmers, or to grant licenses to embalmers in Oklahoma. A number of applications came to the office, also applications presented themselves at regularly quarterly meetings of the Board, and asked to be examined. The Board however conducted no examination unless by the advise of the Attorney General. At the spring meeting of the Oklahoma and Indian Territory Embalmers' Association, held at Guthrie after the close of the regular school for embalmers, the Secretary of the Medical Board of Examiners of Oklahoma attended the last two day's session, and conducted an examination of nearly thirty applicants. Said examination was all in writing, and covered as nearly as possible the entire field of embalming. The Secretary of the Board received enough money from the President of the Association to cover the expense of conducting this examination, and pay a small sum to each member of the Board for signing the licenses of those who were successful in the examination. Six applicants failed to reach a grade of proficiency equal to 75 per cent of all questions asked.

In receiving this office from my predecessor I have been unable to find any record of the licensed embalmers of Oklahoma. Below find a list of the names of all embalmers licensed during the time that the present Medical Board of Health has been in office.

Below will be found the names and addresses of the Embalmers who received licenses from this office.

George M. Chaney, McAllister.

It would seem that the licensing of embalmers, or rather the proficiency of embalmers to thoroughly embalm bodies dead of contagious diseases or other, is one of the greatest protections to the public health of Oklahoma. An embalmer who will thoroughly embalm a body after death of contagion although it may be a mild form, and who will thoroughly disinfect the room and appliances used, is of the greatest help to the community and to the public health at large.

Almost immediately upon the organization of the present Board there came a complaint to the Board from the Live Stock Sanitary Commissioner, to the effect that there was being expressed for sale and being sold unwholesome and partly decomposed meat for the purpose of consumption by the people. The Board of Health on a call by the Secretary met in joint session with the Live Stock Sanitary Com-

mission in Guthrie, May 21, 1903 and the above mentioned matter was thoroughly canvassed, and witnesses were examined, and proof presented showing that the above allegations were facts. The following result was written and passed by the Board, and the following circular letter was sent to each County Superintendent of Health of Oklahoma.

OFFICE OF
Territorial Board of Health.

Enid, Okla., May 21,1903.

To the County Boards of Health:

In as much it has come to the knowledge of the Territorial Board of Health that decayed meats were being sold from the distributing points of some of the packing houses doing business in our Territory to retail dealers and through them to consumers.

The Territorial Board of Health and Live Stock Sanitary Commission acting jointly have investigated these reports and find them to be true in fact; that some of the packing companies have sold and at present have in their storage for sale, meats that are unfit for consumption by reason of the fact that they are tainted and in a state of decomposition, and further find that these companies are selling these meats when first shipped into our Territory in competition with the meats of the local butchers who slaughter their beeves at the point of consumption, but, as these meats become tainted sell them for prices varying from one to three cents per pound, or any other price in order to dispose of them before they are entirely rotten; and

Inasmuch as these meats are extremely dangerous to the public health by reason of the general consumption and of the fact that tainted meats are one of the most prolific sources of disease and Ptomaine poisoning among our people.

We, the Territorial Board of Health desire to call your attention to these facts and to the further fact that the preservation of the public health of the people of this Territory demands that we call your attention to Section 8 of Chapter 5 of the Act repealing Chapter 8 of the statutes of Oklahoma, 1893.

At a joint meeting of the Territorial Board of Health and the Live Stock Sanitary Commission, it was voted that these Boards work in unison for the prevention of the sale and consumption of stale meats in this Territory and we request you as superintendent of your County Board of Health to work in unison with Mr.
Deputy Live Stock Inspector of your County.

You are hereby instructed by the Territorial Board of Health to act in conjunction with Mr. ——————————Deputy Live Stock Inspector of your county in compliance with that part of Section 8 Chapter 5 of the act repealing Chapter 8 of the statutes of Oklahoma, 1893 and to suppress all sales of meat that are tainted or unfit for consumption, and to destroy all meats found in the cars, storage rooms or meat markets that are dangerous to the public health by reason of being unfit to be used as food.

DR. B. F. HAMILTON, Pres., Shawnee
DR. E. G. SHARP, Vice-Pres., Orlando Ter. Bd. Health.
DR. E. E. COWDRICK, Supt., Sec'y., Enid.

The Secreatry of the Board of Health in company with a Deputy Live Stock Sanitary Commissioner, while in Guthrie May 21 and 22, personally inspected a refrigerator car partially filled with beeves which were there for the purpose of sale to people to be consumed as food, and did find and condemn and destroy three quarters of beeves that were undergoing an advanced stage of putrefacation or decomposition at that time. At other and various times the Superintendent of the County Boards of Health in company with Deputy Sanitary Live Stock Commissioner, did condemn and destroy under the same conditions a great many beeves and sheep that were being exposed for sale at the towns of Perry, Shawnee, Oklahoma City, Lawton, Guthrie, El Reno and Enid. Oklahoma. During the past six or eight months there has been no complaint to this office with regard to the exposing for sale of meat which is unwholesome or partly decomposed.

The following was published as coming from the Territorial Board of Health as is usual once each quarter to either publish something as coming from the Territorial Board of Health concerning the conditions in the Territory, or to write a circular letter to each county superintendent in Oklahoma.

The conditions are such at the present time that we as physicians need to take a little extra precaution in the matter of the spread of all kinds of disease. Those that are most contagious need most attention; as the weather grows warmer in the spring, those affected with contagious diseases become careless while in quarantine and as a consequence we have a more general spread of those diseases called contagious. There are many strangers now in Oklahoma, they are of two distinct kinds or classes.

First, the people from the north and the east coming twice a month looking for some speculation.

Second, the class brought into the Territory on account of the Railroads now under construction, this class is looking for employment. Neither class has a home while here, and neither class is as careful of associations as it should be, one from adventure, and the other from ignorance. There is another incentive for the Doctors to be on the alert for any irregularities coming under their notice, and to report all such irregularities, immediately upon finding, to the County Superintendent of Health. (see law.) The County Superintendent of your county will attend to all irregularities or matters pretaining to the violating of the health law in your county. Report them to him.

Our health officers act promptly on any and all matters over which they have jurisdiction. You can all become conversant with the limit of such jurisdiction by reading the law governing the Board of Health. This law is short and plainly written.

Taking into consideration that many people will not call a Doctor in cases of small-pox, and again that the Doctor when called will not report the case to the County Superintendent for quarantine, we have been very fortunate in not having more of these contagious diseases with which to combat during the past winter.

We as the Board of Health would ask every person in Oklahoma to assist us in striking out the few cases known in this Territory, and help us to keep under control those cases that may follow. Your doctor can give you all the advice you need, and he can be of much assistance by so doing, both to the Board and to the people of the Territory. As a protection to the doctors of Oklahoma it has been the policy of this Board to have all outside Doctors register in the Territory before they did any practice. This matter is hard to accomplish unless the physicians of Oklahoma will lend a hand and immediately look up a man's credentials when he moves into your neighborhood and begins the practice of Medicine, if he is not registered at the office of the Register of Deeds, write a letter to the Secretary of the Board, and said Doctor will be investigated, and the result of such investigation be sent to you.

Territorial Board of Health.

DR. B. F. HAMILTON, President.
DR. E. G. SHARP, Vice-President.
DR. E. E. COWDRICK, Secretary.

The above is a sample of many letters and publications that have been sent from the office of the Secretary of the Board of Health during

the past year. We believe that such letters of encouragement do no harm and we also believe that they have their place with the physicians and people who read them, and in many instances are the cause of considerable more attention being given to the public health by these readers.

Early in the spring of 1903, an epidemic of Small-pox occurred in the City of Enid. The Territorial Board of Health met in the office of the Secretary April 28 and in joint meeting that day with the County Commissioners of Garfield County, Superintendent of the public schools of Enid, and the County Superintendent of Garfield County, the following conclusion was reached after considerable discussion that upon the recommendation of the Territorial Board of Health, all pupils attending the public schools who did not show evidence of a recent vaccination, should be vaccinated. The County Commissioners to furnish the virus used, the Superintendent of Public Health, the Superintendent of the County Board of Health and the County Physician to do the vaccinating without charge. The superintendent of the public schools of Enid furnished a prescribed form which the pupil presented to the druggist to procure his virus for vaccination, and another form he presented to the physician who applied the virus. At the end of two weeks time he again presented himself with his partly filled form to the physician who vaccinated him and that form was then completed by the physician, returned to the applicant, and presented and kept on file by his teacher. Schools were not closed, and no more cases of Small-pox appeared after this period of vaccination, although there were during six weeks time about 150 cases of Small-pox under quarantine in Garfield County. The Board of Health has advocated vaccination in every County in Oklahoma.

The Board of Health has sent to the President of the County Board of Health in every County, a circular letter advising, advocating and urging vaccination in every case where vaccination has not been previously applied.

RECIPROCITY.

The Territorial Board of Health and Medical Examiners, would recommend that the following Reciprocity clause be added to whatever Medical Law may be given to Oklahoma. We believe the practice of Reciprocity with other states whose requirements are equal to those included in the following recommendation are just, honest, and a time and expense saving to those who may wish to obtain license to

practice Medicine and Surgery in Oklahoma. The licensing, examining and Reciprocity Boards of the United States have organized a strong society that holds two meetings each twelve months. Our Board has been represented in the three meetings held since the present Medical law became effective.

The Secretary attended the New Orleans and St. Louis meetings. The Vice-President the Chicago meeting. We are thoroughly convinced that the work being done by this society will accomplish much good in raising the standard of the profession in an educational way. The plan that our Board recommends is practically the one adopted by many states now members of the above named association. Any state whose law requires an examination before a license to practice within its confines is issued, and whose law requires a preliminary education equal to that required by the Oklahoma Medical law, will be considered by mutual agreement as one with which Oklahoma will reciprocate.

An applicant desiring to register by reciprocity would proceed thusly. He would file his application with the regular examination fee, together with a statement from the Secretary of the Board of the state in which he has passed the examination within the time limit—Said statement to contain the grades reached in each branch of his examination. The applicant would then appear in person the day of the Oklahoma examination, and if the grades reached by him in his home state examination were equal to the grades required in each branch by the Oklahoma Board of Examiners he would be given credit with the grades he had already attained. Should Oklahoma require an examination in more branches than did his home state, he would be required to take the examination at this time in such branches, or if applicants' grades presented by him from his last examination have a minimum lower per cent than the minimum grade required by the Oklahoma Board, he shall take the examination in those branches. The time limit however spoken of would mean in Oklahoma from the date the present Medical law became effective.

The Territorial Board of Health has held its meetings as prescribed by law, and transacted such business as came up for notice under its jurisdiction. The expenditure of money has been legitimate and used in conducting the affairs of the office. Under the old law there was less work to be done by the Board than under the present law, as the registrations were all done through the Secretary's office. In looking over the records we find that each year since the first Medical Act creating a Board of Health etc., was passed, some men had become

registered in Oklahoma by making affidavit to the effect of a graduation from a school that existed only in name, or from one that they had never attended. These registrations were made and license granted to such applications in good faith by the Superintendent who was then in office. The Secretary's office is not a Detective agency, and the affidavit of a professional man should suffice in matters of this kind. The old law required that a Doctor from a Medical College should be registered. True, many were turned down who made application for registration when the alleged College was one known by the Secretary to be in bad repute. This office turned down many applicants where there seemed to be good cause for doing so. Under the present law and the present system of conducting the tests, there is no possible chance for a man to slip in and be granted license who is not competent to practice Medicine and Surgery. For regardless a Board's feeling toward an applicant, his examination is on record for inspection and this would preclude any chance for dishonesty on the part of the Examiners. With a few needed additions of small space we have a fine Medical law. There have been 110 successful applicants for license in the past 17 months. Seventy have failed to reach the required grade of proficiency, making 38 8-9 per cent failure under the present law. This number includes those whose credentials were equal to the standard required by the Board, presented themselves for examination at the place designated by the Board, and did try to answer the questions asked in the examination as a test of their ability to practice Medicine and Surgery in Oklahoma.

The above mentioned failures do not include the applications returned by the Secretary for the reason that the credentials were not in accordance with the Board's standard of preliminary or medical education. Below will be given each meeting the present Board of Examiners have held since April, 1903.

The first meeting of the Medical Board of Examiners was held in Enid, April 27 and 28, 1903. There were ten applicants for examination with four failures. The successful ones to whom licenses were granted, were as follows: Eugene Yetman Young, Stillwater, Oklahoma; David Wiggens Burnett, Barton, Oklahoma; Thomas L. Sharp, Orlando, Oklahoma; Sterling P. Strother, Independence, Oklahoma; R. A. Brown, Bellemont, Oklahoma; Wesley L. Luburgh, Binger, Oklahoma.

E. E. COWDRICK.

As there is nothing to the contrary in the Medical law, an applicant who fails may re-apply at any subsequent examination entirely as

a new applicant. In a few instances this has been done, but usually an applicant who fails to reach the required degree of proficiency at one examination will not become more proficient at another examination.

The Secretary at this meeting was asked to send notice to all those who are known to be practicing Medicine in Oklahoma without having complied with the requirements of the law. I may say here that after having notified certain applicants, and having received promises from them that they would appear for examination, which promises were not fulfilled, in every instance if the County Attorney of the County where the offender lived would assist the Board in the prosecution of the illegal practitioner, we have them arrested and punished according to law. In one instance in Woodward the offender was placed in prison and held for some time, then relieved upon bail and will have his trial during the coming term of Court. From the first meeting of the Board these notices have constantly been sent to all who were known or suspicioned of not being licensed in Oklahoma.

Meeting of the Board in Enid, May 30, 1903. The following named applicants qualified, passed the required grade and were issued licenses.

W. H. McKinzie, Enid; F. Z. Winshell, Palace; A. C. Adams, Romulus; C. A. Smith, Hinton; H. C. Brown, Okarche; C. E. Beitman, Perry; G. R. Galloway, Avery; Mary A. Mansur, Ames; W. L. Coleman, Lexington.

One applicant failed to reach the required grade. On the evening of May 20 of this month the Board met in Oklahoma City, on the 21 and 22 in Guthrie, and investigated the report of impure meats being exposed for sale, as is mentioned in another part of this report. The Board did not meet in Shawnee on May 29, as was expected owing to the floods and washouts at that time.

E. E. COWDRICK.

Enid, June 30.

At this meeting of the Board of Examiners, fifteen applicants qualified for the examination. Of this number three failed to reach the required grade of 66 2-3 per cent minimum in each branch.

The ones to whom licenses were issued were as follews:

W. A. Lytle, Oklahoma City; C. W. Martin, Chandler; T. A. Rowland, Shawnee; O. A. Pierson, Woodward; R. P. Stoops, Norman; C. H. Bidenkopf, Spencer; Maud W. McConnel, Enid; L. H. Hoffman, Indiahoma; P. R. Brown, Guthrie; P. R. Brown Jr., Guthrie; E. D. Ebright, Carmen; A. S. Johnston, Oklahoma City.

Guthrie, Oklahoma, July 22, 1903.

At this meeting of the Board of Examiners, complaints were made against illegal practitioners in Logan County, Kingfisher and Pottawatomie Counties. The work of looking after these violators was distributed amongst the three members of the Board. And investigation of the allegations made, and in each case the violators either complied with the law or quit practice.

At this meeting of the Board 10 applicants qualified and took the examination, seven of which were issued licenses. Three failed. The successful ones were as follows.

D. A. Yates, Stillwater; W. H. McCracken, Guthrie; J. F. Fraley, Hominy; P. L. Sanders, Carnegie, T. A. Buchannan, Oklahoma City; Chas. Hahn, Jefferson; S. J. Taylor, Oklahoma City; John W. Miller, Denver.

Enid, Oklahoma, September 22, 1903.

At the past four meetings of the Territory there has been almost no business for the Board to attend except in the examination of applicants who apply for licenses. With one or two exceptions there has not been an epidemic of a contagious disease in Oklahoma in two years. At this meeting there was in the entire Territory but seven cases of contagion under treatment and quarantine. There were 18 applicants qualified for examination. Nine of this number were successful and granted licenses. Their names are as follows.

E. J. Boling, Ames; J. M. Watson, Hunter; S. McAvoy, Ames; T. C. Sanders, Shawnee; Fred H. Clark, El Reno; E. M. Pemberton, Shawnee; Harden Walker, Readout; Elizabeth Grantham, Alva; J. B. Baugess, Clinton.

E. E. COWDRICK.

Enid, Oklahoma, November 10.

The Territorial Board of Examiners met in the office of the Secretary for the purpose of examining qualified applicants for licenses to practice Medicine and Surgery in Oklahoma.

There were eighteen applicants who presented themselves for examination and five were successful, and had licenses issued to them as follows.

Mrs. E. R. Stoops, Norman; Ida M. Scott, Apache; E. A. Burwell, Hobart; M. T. Clark, Thelma; K. D. Gossem, Custer City.

In the matter of trying to revoke licenses of some that have registered in Oklahoma by making false affidavit, the date was set (as mentioned in another part of this report) for the men to appear before the Board and show why such licenses that were obtained by fraud should not be revoked. The date for next examination was fixed for December 29, place of meeting, office of the Secretary, and the time of meeting, 8 a. m.

E. E. COWDRICK.

Enid, Oklahoma, December 30, 1903.

At this meeting of the Examing Board there were ten applicants qualified and took the examination. Five of which were successful, and issued licenses as follows.

W. D. Bolton, Clinton; John F. Kuhn, Oklahoma City; J. J. Henke, Hydro; David Rose, Oklahoma City; L. B. Morse, Guthrie.

E. E. COWDRICK.

Enid, Oklahoma, March 30, 1903.

At this meeting of the Board of Medical Examiners, owing to the adverse opinion from the Attorney General's office, the Board refused to examine those embalmers who were present and requested an examination, and also decided to meet only once in three months according to law, as holding extraordinary meetings with the $5.00 examination fee, would cause too much loss of time, without the proper remuneration attached.

On the morning of March 29th at 8 a. m., the Board met for examination of applicants in Guthrie when 28 applicants qualified and took the examination. Sixteen of this number were successful, and granted licenses as follows.

J. L. Holcomb, Arcadia; J. B. Willis, Morrison; G. A. Boyle, Winfield; J. L. Leak, Jennings; Alex Spencer, Clinton; E. M. Foster, Oklahoma City; R. R. Walker, Oklahoma City; W. B. Jones, Oklahoma City; T. W. Jones, Oklahoma City; Werner Lagus, Norman; A. G. Low, Elk City; S. H. Thrailkill, Norman; W. H. Clarkson, Blair; T. L. Noblitt, Perkins; A. A. Weber, Perry.

The next quarterly meeting will be held in Guthrie, June 28, and the following day will be set aside for the examination of applicants to practice Medicine and Surgery in Oklahoma Territory. Eleven cases of contagion were reported during the last quarter.

E. E. COWDRICK.

Guthrie, Oklahoma, June 29, 1903.

During the month of May the Oklahoma and Indian Territory Embalmers Association held a weeks meeting and school in Guthrie, and by the advice of the Attorney General, the Secretary cf the Examining Board conducted an examination, and the entire Board signed the licenses issued to the successful applicants acording to an agreement mentioned elsewhere in this report. At this meeting of the Medical Examining Board, 29 applicants qualified and tcok the examination. Nine of these were successful and license were granted to them as follows.

G. A. Wallace, Hamburg; L. A. Milne, Anadarko; H. A. Stalker, Pond Creek; Winnie M. Sanger, Yukon; C. E. Button, Crown Point, Indiana; R. C. Baker, Covington; J. C. Vanderpcol, Groove City, Kas.; G. W. Farrar, Mirage; H. K. Wilson, Enid.

The next meeting of the Medical Examining Board will be held September 28, at Guthrie.

E. E. COWDRICK.

Guthrie, Okla., Sept. 29, 1904.

Eighteen applicants qualified and presented themselves and took the examination. Sixteen of whom were successful and were granted licenses as follows:

W. H. Linder, Enid; W. R. Clement, Yukon; Frank Scott, Shawnee; E. S. Ferguson, Oklahoma City; A. J. Brace, Fletcher; C. E. Damrell, Enid; Ozne Wright, Dover; Esther Mitchell, Guthrie; W. B. Harned, Helena; E. M. Huckby, Sibony; J. A. Lamb, Pawnee; J. Z. Mraz, Meeker; I. C. Stayner, El Reno; William Pollock, Shawnee; L. Caffie, Oklahoma City; J. H. Glass, Oklahoma City.

The next examination will be held in Guthrie, Oklahoma, on the 28th day of December, 1904.

E. E. COWDRICK.

Under the present medical law the county boards of health are made up as follows:

The chairman of the Board of Ccunty Commissioners, by virtue of such office, is president of his county board of health. The Superintendent of public health appoints the Secretary and Superintendent of the county board of health. The board of county commissicners choose the third member of the county board of health. The Secretary or Superintendent of the county board of health is furnished from this

office, blank report sheets upon which is made reports to this office in a very concise manner, with only a few minutes' time consumed all of the conditions appertaining to public health in the county for each month. This is the only manner in which this office is informed and kept in touch with the health conditions of the Territory, with the exception in extreme or emergency cases, telegraph or telephone is used.

The law provides the payment of $100 per year to the Superintendents of county boards of health as the entire remuneration to them for professional services rendered. In case of epidemic of contagious disease and for doing such other duties as necessarily devolve upon that office, this amount should be increased to at least $300 per annum, and where it is possible to do so, the County Commissioners should give the county work to the Superintendent of the county board of health.

Combining the two remunerations would be sufficient to compensate the doctor in such a manner that better service would be rendered both to the county and the Territory. Along these same lines I wish to say that the remuneration as stated in the present medical law as salary, clerk hire and contingent fund to the office of Superintendent of public health is ample. Having served in this office for the past three and one-half years, I believe I am competent to estimate the amount of work attached to this office, the amount of salary earned, and the amount of money needed as a contingent. The salary of $800 per annum, with $200 added for clerk hire, making a total of $1,000 a year for salary and clerk hire, I believe, is all that the office is worth. True, it demands the greater portion of a physician's time to properly conduct the business of the office. $500 contingent fund per annum, if carefully and judiciously expended, is sufficient for the coming two years, as the office is now supplied with typewriting machine, desk, records, etc., which expense will not be repeated within the next two years. The appropriation has been sufficient to cover the entire expense of this office in 1903 and 1904. I believe that if any change be made there should be added to the contingent fund for expense money, $200 more per annum. This money could be very advantageously expended by the Secretary in visiting once or twice each year, each county board of health in Oklahoma. On these trips he would become conversant with the health conditions in the towns in which he stopped, and he would also become acquainted with the facts relating to illegal practitioners in Oklahoma.

I have visited as many counties as my funds would permit. I have visited some counties at my own expense, and I find that no amount of correspondence is so satisfactory and productive of so much good result, as a personal visit to counties where some complaint is being made.

The matter of salary, or rather, expense money as appropriated for the Pesident and Vice President of this board, which amount the law prescribes as $100 per annum for each one to be used as traveling expenses, should at least be doubled. The President and Vice President of the board receive all the fees of the examination, which, after deducting the expenses, does not leave enough to remunerate them per diem for the time consumed.

Along with the above recommendations it would seem that a Territory as important as Oklahoma, and one that has as good a medical law as Oklahoma, and a country that is as far advanced in an educational way as Oklahoma, should at least begin a vital statistical record. There is nothing in the statute providing for such a record, and I have been loath to ask the poorly paid County Superintendents of health to add this extra work to their present prescribed duties.

My experience in the east, where the law made the reporting of births and deaths mandatory, would prove that a law requiring the keeping of this record should so state its meaning in no uncertain terms. I do believe, however, that the majority of the physicians in Oklahoma would make returns of deaths and births to the properly authorized official, provided they were furnished with printed postal cards, or printed blank forms upon which to make the returns. There are inquiries at this office at least weekly and sometimes daily for statistical records of almost every character. These inquiries come from hospitals, schools, and from every doctor who wishes to write a paper on children's diseases, tuberculosis, rheumatism and cancer. In comparing the reports received from the different boards of health, we find that Oklahoma does not only rank second to none in low mortality rate from contagious and infectious disease, but is equal to any State or Territory in the United States whose per capita is equal to that of Oklahoma. I do not believe that Oklahoma's climate could be called the climate of a health resort, and yet there are one of two things apparent—the diseases with which Oklahomans are affected are less vital, or her physicians are better qualified to handle them.

The above recommendations come as covering the Territory of Oklahoma, and if there is added more territory, this is the Legislature that must make provision for the pay for the conduct of the health matters after an organization has been made. With additions the present amount of expense money of the Superintendent should be doubled, and the salary should be raised to $1,200 per year.

We are now handling the Osage Nation without charge, and this cannot be done much longer.

The following were granted licenses by examination under the recent law:

A. C. Adams, Gate City Med. College; graduated May 15, 1903, license issued May 19, 1903.

David W. Bennett, U. of Nashville; graduated March 30, 1900, license issued April 27, 1903.

R. A. Brown, Ter. Med. Ex. Board; graduated April 27, 1903, license issued April 28, 1903.

Hadley Brown, College of P. & S., Chicago; graduated April 18, 1900, license issued May 19, 1903.

Chas. E. Beitman, St. Louis of P. & S.; graduated April 8, 1903, license issued May 19, 1903.

Thos. A. Buchanan, Col. of P. & S., Chicago; graduated May 26, 1903, license issued July 23, 1903.

P. R. Brown, Jr., U. of Maryland; graduated May 1, 1901, license issued July 10, 1903.

P. R. Brown, Sr., Berkshire Med. Col.; graduated Oct. 1, 1867, license issued July 10, 1903.

C. J. Biedenkoph, Rush Med. Co.; graduated June 17, 1903, license issued July 7, 1903.

Edmond J. Boling, Memp. Hosp. Med. College; graduated April 29, 1903, license issued September 18, 1903.

John D. Bauguss, Louisville Med. College; graduated March 24, 1903, license issued September 18, 1903.

M. E. Byrnes, Ter. Med. Ex. Bd., 10 yr. clause; graduated November 19, 1903, license issued November 10, 1903.

Enoch A. Burwell, Mo. Med. Col. of St. Louis; graduated March 4, 1884, license issued November 16, 1903.

John C. Burns, Med. Dept. U. of Louisville; graduated March 29, 1897, license issued January 5, 1904.

Walter D. Bolton, Louisville Med. College; graduated February 5, 1887, license issued January 16, 1904.

George A. Boyle, Jefferson Med. College; graduated March 5, 1887, license issued April 8, 1904.

Benj. D. Brown, Hosp. Col. of Med. of Louisville; graduated June 30, 1898, license issued July 1, 1904.

C. E. Button, Rush Med. College; graduated May 26, 1898, license issued June 29, 1904.

Roscoe C. Baker, Ensworth Med. College; graduated March 29, 1904, license issued June 30, 1904.

Alden J. Brace, Kans. Med. Col. of Topeka; graduated March 22, 1900, license issued September 29, 1904.

Wm. R. Clement, Med. Dept. U. of Louisville; graduated March 2, 1892, license issued September 29, 1904.

Geo. A. Comp, St. Louis Col. of P. & S.; graduated April 8, 1903, license issued May 19, 1903.

W. L. Coleman, U. of Georgia, Augusta; graduated March 1, 1881, license issued May 19, 1903.

Fred H. Clark, U. Med. Col. Kansas City; graduated March 22, 1900; license issued September 18, 1903.

J. C. Cunningham, Maryland Med. Col, Baltimore; graduated May 7, 1903, license issued September 18, 1903.

Manvel T. Clark, Med. Dept. of U. of Mo.; graduated June 7, 1899, license issued November 16, 1903.

Wm. H. Clarkson, Memp. Hos. Med. Col.; graduated March 29, 1889, license issued April 8, 1903.

Ed. E. Davis, Miami Med. College; graduated May 1, 1903, license issued January 5, 1904.

C. E. Damrell, Central Med. Col. St. Jce; graduated March 4, 1898, license issued September 29, 1904.

Ed. D. Ebright, Kansas City Med. College; graduated March 20, 1896, license issued July 17, 1904.

James F. Fraley, Memp. Hos. Med. College; graduated April 19, 1903, license issued July 23, 1903.

E. M. Foster, Louisville Med. College; graduated March 3, 1892, license issued April 8, 1904.

Geo. W. Farrer, U. Med. Col. Kansas City; graduated March 20, 1895, license issued June 30, 1904.

Edmund S. Ferguson, Detroit Col. of Medicine; graduated May 3, 1895, license issued Sept. 29, 1904.

G. R. Galloway, U. Med. College; graduated March 19, 1896, license issued May 19, 1903.

Elizabeth Crantham, Jno. A. Creighton Med. Col.; graduated May 5, 1902, license issued September 18, 1903.

Kelly D. Gassom, Hosp. Col. of Medicine; graduated July 1, 1903, license issued November 16, 1903.

James H. Glass, Col. of P. & S., Baltimore; graduated March 4, 1884, license issued September 29, 1904.

L. H. Hoffman, U. of the South; graduated January 22, 1903, license issued July 7, 1903.

R. M. C. Hill, Toledo Med. College; graduated March 3; 1886, license issued January 5, 1904.

Jas. Jno. Henke, St. Louis Col. P. & S.; graduated April 11, 1900, license issued January 16, 1904.

Jno. L. Holcomb, Col. of P. &. S., Keokuk; graduated March 15, 1898, license issued April 30, 1904.

Egbert M. Huckaby, Memp. Hosp. Med. College; graduated April 29, 1904, license issued September 28, 1904.

R. R. Walker, Tulane U. Med. Dept.; graduated April 1, 1885, license issued April 8, 1904.

J. B. Willis, Barnes Med. Col.; graduated April 6, 1897, license issued March 30, 1904.

Albert A. Weber, Rush Med. Col., graduated April 5, 1903, license issued April 8, 1904.

G. H. Wallace, Barnes Med. Col.; graduated May 3, 1904, license issued June 30, 1904.

Henry K. Wilson, N. W. U. Med. School; graduated June 14, 1900, license granted June 29, 1904.

Ozno Wright, K. C. Medical Col.; graduated April 13, 1904, license issued September 29, 1904.

Eugene Y. Young, Rush Med. Col.; graduated June 17, 1903, license issued April 28, 1903.

David D. Yates, Ensworth Med. Col.; graduated February 28, 1903, license issued July 23, 1903.

REVISED RULES AND REGULATIONS AS ADOPTED BY THE BOARD OF HEALTH.

Statutory requirements as set forth by the legislature of Oklahoma covering sanitary regulations will not be included in these rules, but will be classified by themselves, following these rules and regulations.

When a town or city board of health fails to preform its duty as a board of health by reason of negligence or lack of proper city ordinances, the county board of health of the county wherein such dereliction or failure of duty occurs shall immediately proceed to do the work such local boards of health have failed to perform.

Local boards of health are the wards of the county boards of health and local and county boards of health should work in unison in the manner of cleanliness and sanitary precaution.

PUBLIC BUILDINGS AND SCHOOL HOUSES.

County, city and town boards of health shall exercise supervision over the location, drainage, water supply, ventilation, heating, lighting and plumbing, and the disposal of the schools and school-house within their respective jurisdictions, and when any sanitary defect is found to exist shall at once report the case to the proper authority with the demand that the fault or faults be immediately remedied, and if they be neglected by such person, then they can proceed to remedy the same themselves and compel obedience to these orders by persons in charge of such school or schools.

County, city, and town health officers shall inspect all public or private institutions, buildings and residences of whatever kind in their

respective jurisdiction at any and all times whenever any unsanitary condition or any contagious or infecticus disease is reported or suspected to exist therein, and if any such conditions are found to exist the same shall be corrected by them at once and the proper precaution taken.

No public or private funeral shall be held in any building or room used for school purposes at any time during the year or in any church, hall or other place where public gatherings are held of any person who has died from sore throat, diphtheria, membraneous croup, or any other contagious or infectious disease.

CONTAGIOUS DISEASES.

School teachers and superintendents cf schools shall closely observe their pupils in their schools at all times, and no pupil shall be admitted into any public or private school in this Territory with any eruptive disease, sore throat or contagious sore eyes. If any persen or pupil in any of the public or private schools of this Territory is found to be ill of any eruptive disease, sore throat or contagious sore eyes, he shall be dismissed from school until pronounced to be non-inoculable to other children by reputable prysician, local health officer having jurisdiction.

No person shall be admitted to any public or private school in this Territory from any house infected with any infectious or contagious disease or who may have recently been sick with small-pox, scarlet fever, diphtheria, membraneous croup or other contagious or infectious disease until a certificate is first presented frcm a reputable physician stating that all danger of communicating such disease to others is passed.

No parent, guardian or other person having control of any child or children in the Territory of Oklahoma shall allow such a child or children to go frcm any house infected with small-pox, diphtheria, scarlet fever, measles or any other contagious or infectious disease to attend any public or private school or any public meeting or gathering of any kind, or to be on the street or public highway during the time such hcuse is under quarantine. Whenever any hotel, boarding house or lodging house keeper or householder, proprietor, manager or owner of any public or private institution of any kind shall know or suspect that any person within his or her family, building, place of business or residence be either permanently or tempcrarily sick with small-pox, scarlet fever, diphtheria, measles or any other disease dangerous to public health he or she shall immediately give due notice to the nearest board of Health within whose jurisdiction such occurs.

DUTY OF PHYSICIANS.

In any and all cases of contagious or infectious disease or suspicious cases of the same wherein the attending physician is in doubt as to the correct diagnosis, he must at once notify the health officer having jurisdiction, who must see the case and examine the sick person with the suspected disease, and if it is found to be contagious or infectious, must act in accordance with the rules governing such cases.

Whenever any physician shall know or have reason to suspect that any person whom he is called to see is sick with small-pox, diphtheria, membraneous croup, measles, whooping cough or other diseases of a contagious nature he shall immediately report the same, giving the exact location, with a description of the case to the health officer or board of health having jurisdiction over the place where such disease exists.

INSTRUCTIONS TO LOCAL HEALTH OFFICERS.

No person who is or has recently been afflicted with or exposed to any contagious or infectious disease dangerous to our public health shall be permitted to appear upon any public street or highway, or in any public place or conveyance until a certificate is made by the attendant physician setting forth the fact that such person is non-innoculable to others.

No person shall be allowed to leave any housé, building or premises infected with small-pox unless he or she has heretofore had the disease, then such leaving must be after first taking a disinfecting bath, making a complete change of clothing and having a permit with instructions from the health officer having jurisdiction.

In all cases where there has been an exposure to, or suspected exposure to small-pox, it shall be the duty of the board of health having jurisdiction to compel vaccination, or re-vaccination of all exposed persons or suspects, and if danger of an epidemic of small-pox is imminent, compel all persons in the city, town or community to be vaccinated.

On the appearance of Small-pox, Yellow fever, Diphtheria, Membraneous croup, Scarlet fever, Measles or any other contagious or infectious disease, the County Superintendent of Health shall cause the attending physician, when such cases are outside the corporate limits of any town or city, to place the proper flag of warning on the front door or any other place more conspicuous about the house where the disease prevails. Whenever any of the foregoing diseases exist in any town or city where there is an organized Board of Health, such flag of

warning shall be placed by the local Health Officer having jurisdiction, such County Superintendent of Health or Health Officer shall hold all persons who have been exposed to such contagion under observation and apart from the public for the number of days named in "Length of Quarantine," or length of time as such officer may decide to be safe.

The flag for Small-pox, Scarlet fever, Diphtheria and Measles shall be bright yellow and not less than fifteen inches square, with the name of the disease plainly marked thereon. The flag for Cholera or Yellow fever shall be black and not less than fifteen inches square, with "Cholera" or "Yellow fever" plainly printed thereon with white or red letters.

No person shall be permitted to remove any such flag or warning until a certificate is made by the attending physician to the County Superintendent of Health or the local Board of Health having jurisdiction, that the disease has passed and the proper disinfection accomplished, and the endorsement of such local Board of Health is obtained.

Persons who have been exposed to the contagion or infection of any kind of the following diseases may safely be liberated if they have remained in good health and been properly disinfected, after the following periods of quarantine: Diphtheria, twelve days; Scarlet fever, fourteen days; Small-pox, eighteen days; Measles, eighteen days; Chicken pox, eighteen days; Mumps, twenty-four days; Whooping cough, twenty-one days.

Any and every person having charge of any one who has died of Small-pox, Cholera, Yellow fever or Diphtheria, shall cause the corpse of such person to be interred immediately after death, and in cases of death from the above named diseases, no public funeral shall be held.

No person shall make, or cause to be made, or permit to be made on his or her premises, any vault for the sewerage of any building, either public or private, without making the same watertight by lining the base, walls and top with brick or stone and cement, and then substantially cementing the whole inside and so constructing the whole inside and so constructing the opening into it that no obnoxious odors from its contents will contaminate the air without. The contents of such sewerage vault shall be pumped into a container and removed to a place designated by the local health officer at such hours as will not disturb the public.

In case of any act on the part of any local health officer not authorized by or in harmony with the rules and regulations governing the Territorial Board of Health, appeal may be taken to said Board in session, pending such appeal the action of said local health officer shall remain in force.

QUARANTINE FLAGS.

It is often far from a pleasant duty to flag houses and quarantine families and places, especially so when the family physician says the "case is of a very mild nature," and does not give you his moral support. The honest, faithful officer must shut his eyes to blind prejudice and unreasonable pleading of the family and do his duty as is indicated by Board of Health rules and his own knowledge of the case. He can, of course, explain the value of the flag, that it is used by all well regulated Boards of Health, and that although it may be of no value in some cases, yet no variations from the rule is tolerated by the Territorial Board of Health, and it must be done. He can say further "that the practice is highly approved by him, and believed to be a very useful and effective aid in protecting the public health. It doubtless saves many persons from catching the diseases, by giving them timely warning of a danger to which no one should be let to expose themselves without knowing it. It is not claimed to be a sufficient and infallible preventive of an epidemic, but it helps. It imputes no odium to the occupants of the house. It does no injustice to non-occupants. It is perfectly harmless. And it is educational in its effects upon the public. It teaches them that those diseases are much more communicable in a house than they are in the open air. It is the prevalent practice throughout the Territory and in many other States, and ought to be universal."

If the officer always flags every case, he will, in a short time, familiarize the public to the flag and will overcome much of the feeling in opposition to its use.

TRANSPORTATION OF CORPSES.

It shall be the duty of every Funeral Director, Undertaker or Embalmer within this Territory who may desire recognition by transportation companies and common carriers, for the transportation of the bodies of human beings dead from Diphtheria, Scarlet Fever, Glanders, Anthrax or Leprosy, to conform to regulations made therefor by the Territorial Board of Health, to-wit:

He may make application to the Territorial Board of Health for a perimt to prepare such bodies for transportation. Said application shall contain his full name, age and place of residence, and the certification of two legal physicians of good repute in the place where he resides.

He shall pass an examination before the Territorial Board of Health at such time and in such manner as the Board may determine. Said examination shall comprise the following subjects:

(a) The visceral anatomy and vascular system of the human body.

(b) The comparative value and action of disinfectants and germicides.

(c) The proper method, after embalming, for further safety preparing bodies for transportation.

(d) The meaning of "contagion" and "infection;" the dangers they beget, and the best methods of their restriction and arrest.

(e) The signs of death, and the best methods of their determination.

And such other topics, general and special, as the Board may from time to time determine.

Seventy-five per cent of satisfactory answers in a scale of 100 shall be required to entitle the applicant to a permit.

Upon satisfactory evidence of the competency of the applicant as an embalmer, he may be granted a permit to prepare corpses herein designated for transportation upon the payment of a sum to pay the expenses of such examination. Said perimt shall be limited to the term of one year, and shall be signed by the Territorial Board of Health.

Permits may be renewed upon the payment of one dollar within thirty days after the expiration of the term of a permit.

The failure of the holder of a permit to comply with the regulations of the Territorial Board of Health shall be deemed sufficient cause for the revocation of his permit.

The Secretary of the Board shall keep a record in which shall be registered the name and residence of all persons to whom a permit is granted and the number and date of the permit, which record shall be for the information of the profession, the public and for transportation companies.

He shall also keep a record of all money received, expenses incurred, and paid, under these regulations, and make report thereof at each meeting of the Board.

Bodies of those who have died of Diphtheria, Membraneous Croup, Scarlet Fever (Scarlatina, Scarlet Rash), Glanders, Anthrax or Lepro-

sy, may be transported by common carriers upon the affidavit of a funeral director, undertaker or embalmer, made oath, that he is the holder of a permit from the Territorial Board of Health, giving the number of the permit, his name, residence, and certifying that the body has been prepared for shipment in accordance with the regulations of the State Board of Health, to-wit:

In the case of Diphtheria.—The body shall be thoroughly injected with a proven disinfectant of embalming fluid, and all orifices of the body, such as the nose, mouth, rectum and vagina in the female subject, then plugged with absorbent cotton. The body shall then be washed in the disinfecting fluid and wrapped in absorbent cotton, layers one inch thick, then bandaged and placed in an air tight zinc or metallic case.

In case of Scarlet Fever.—All clothing must be removed from the body, and the whole arterial system and cavities, including the cerebro-spinal, injected with a disinfectant of the highest germicidal powers. The body must then be thoroughly washed with the disinfectant fluid; all orfices plugged with absorbent cotton, then covered with absorbent cotton one inch thick, then bandaged and placed in an air-tight zinc or metallic case.

In case of Glanders, Anthrax or Leprosy.—After protecting the hands by either vaseline or gloves, all clothing which has been around the body shall be removed and burned. The body shall then be thoroughly washed with a disinfectant of the highest proven germicidal powers, and sufficient of the disinfectant and embalming fluid injected into the circulatory system to thoroughly saturate all the tissues of the body. All the main cavities of the body shall be filled with the disinfectant, and all orfices plugged with absorbent cotton. The body shall then be washed with the disinfectant, wrapped in absorbent cotton not less than one inch thick, then bandaged and placed in an air-tight zinc or metallic case. When the condition of the body demands the removal of the blood, it may be removed by using a bottle which contains not less than four ounces of the disinfecting fluid. The vein selected for the operation must be opened carefully and the tube introduced to the right auricle of the heart, and the blood aspirated into the bottle without exposing it to the air of the room, or without coming in contact with the hands of the operator.

Disinfectants referred to herein must be approved by the Territorial Board of Health.

THE DEAD.

A body dead from Small-pox must be immediately wrapped in a cloth saturated with the strongest disinfectant solution, without previous washing, and buried six feet deep, and no body dead from this disease shall under any circumstances, or any lapse of time, be disinterred.

The body of any person who has died from Asiatic cholera, typhus fever, yellow fever, leprosy, diphtheria (membraneous croup), scarlet fever, (scarlatina or scarlet rash), or measles, must not be removed from the sick room until it has been wrapped in a cloth saturated with a solution of corrosive sublimate (one ounce to six gallons of water), and then tightly enclosed in a coffin. The body shall then be buried immediately, without the attendance of any person other than is necessary for the interment thereof.

No public funeral shall be held of any person who has died from either of said diseases named above, and no public funeral shall be held in the house, nor on any premises where there is a case of, nor where a death has recently occurred from either of said diseases.

No person, company, corporation or association having charge of, or control of any schoolhouse or church, or of any building, room or place used for school or church purposes, or for any public assembly, shall permit the body of any person dead from any contagious or infectious diseases named in these regulations, or any other dangerous contagious disease, to be taken into such schoolhouse, church, buliding, room or place, for the purpose of holding funeral services over such body; and no sexton, undertaker or other person having charge of or direction of the burial of any body dead from any of the said diseases, shall permit the coffin or casket containg such body to be opened in the presence of any child; nor shall any child be permitted to act as pall-bearer or carrier at any such funeral.

No hack, omnibus or other closed vehicle used for the conveyance of the living, shall be permitted to carry the body of any person dead from an infectious or contagious disease; nor with the knowledge of the owner, driver or person in charge thereof, to carry any person or article liable to communicate the infection or contagion of such disease. And any railroad car, omnibus, cab, hack or other vehicle, in which a person has been carried affected with any of the diseases named herein, shall be forthwith removed from service and be disinfected before being used again.

DISINTERMENT.

Whenever it is desired to disinter the body of a huamn being for removal or transportation, a separate application for permission so to do must be made to the Territorial Board of Health for each body to be disinterred, on blanks furnished by the Territorial Board.

The application must state the full name of the deceased, also the age, cause of death, date of death, name of physician who made the certificate of death, place of burial, and where to be interred.

The disinterment permit must be approved by the local Board of Health of the jurisdiction, where the body lies buried, and said disinterment must be made under their immediate supervision.

The followng are the rules that were adopted by the former board and never revoked by the present board, as we consider them very good and adequate for our government.

No disinterred body must be received for transportation by any railroad unless accompanied by a special disinterment permit from the Territorial Board of Health, which is additional to the regular transportation permit.

Where the disinterment is for the removal of bodies to another part of the same cemetry, or to a contiguous cemetry, the removal must not be by any public conveyance. In such cases it is not required that the bodies shall be prepared as for transportation by railroad or other public conveyance. But a disinterment permit, approved by the local board, must be obtained for each body disinterred.

When the cause of death is given as "heart failure," and the age of deceased is under thirty years, it must be deemed as suspicious, and no railroad transit permit be issued thereon by a local board until investigation is made by the health officer, unless there is a positive statement in the physician's return that the "heart failure" was not the result of diphtheria.

The following is a list of the physicians of the Territory, together with their residence, the college from which they graduated and date of graduation:

Abney, O. L., Lawton; U. of Louisville, graduated 1881.
Andrews, B. B., Cordell; Hahne Med. Col., Chicago graduated February 21, 1878.
Angeline, J. T., Dover; U. of the South, Sewanee, graduated December 20, 1900.

Archer, D. E., Skedee; Homeo. Med. Col., St. Louis, graduated March 13, 1890.

Aaron, W. H., Pawhuska; Col. of P. & S., Chicago, graduated May 19, 1902.

Austin, C. W., Granite; Memp. Hosp. Med. College, graduated March 29, 1895.

Ashbury, R., Hunter; Keokuk Med. College, graduated May 30, 1865.

Anderson, R. M., Shawnee; Vanderbilt Univ., graduated March 26, 1894.

Adams, A. C., Romulus; Gate City Med. College, graduated May 15, 1903.

Applewhite, B. L., Tecumseh; Med. Dept. of U. of Louisville, graduated February 27, 1880.

Aikins, J. S., Quinland; St. Louis Med. College, graduated March 2, 1882.

Armstrong, G. B., Tangier; N. W. U., Chicago, graduated June 15, 1899.

Anderson, G. L., Newkirk; Starling Med. Col., Ohio, graduated February 25, 1868.

Adams, D. C., Taloga; Ensworth Med. College, graduated March 14, 1895.

Arnold, D. C., El Reno; Med. Dept. U. of Louisville, graduated March 4, 1876.

Allen, F. W., Texmo; Ft. Worth U. Med. Dept, graduated April 5, 1900.

Abel, W. N. T., Norman; Col. of P. & S., St. Louis, graduated March 3, 1888.

Alexander, C. W., Temple; Memp. Hos. Med. Col., graduated March 28, 1890.

Andrews, Bell B.,Oklahoma City; Hahne. Med. Col., Chicago, graduated February 21, 1878.

Burch, S. F., Norman; Nashville Med. Col., graduated February 26, 1874.

Bobo, C. S., Norman; Louisville Med. Col., graduated February 23, 1881.

Ball, W. A., Box; Grant U. of Chat., Tenn., graduated March 23, 1897.

Bence, F., Etowah; Col. of P. & S. Chicago, graduated May 6, 1889.

Bright, J. A., Kingfisher; Ter. Bd. of Exam., graduated August 3, 1891.

Brown, R. W., Kingfisher; Maharry Med. Dept., Tenn., graduated February 24, 1888.

Bailey, Carson, Dover; Med. Dept. U. of Louisville, graduated March 3, 1871.

Brandes, G. C., Omega; H. Sudwigs U., Germany, graduated March 5, 1886.

Bradley, E. D., Hennessey; Albany Med. College, graduated March 3, 1881.

Brown, H. C., Okarche; Col. of P. & S., Chicago, graduated April 18, 1900.

Brouson, A. S., Calumet; Homeo. Med. Col., St. Louis, graduated April 12, 1901.

Brown, J. S., El Reno; K. C. Homeo. Med. Col., graduated March 1, 1896.

Baker, E. O., Sealing; K. C. Med. Col., graduated March 23, 1879.

Baskett, W. M., Ponca City; Mo. Med. College, St. Louis, graduated March 1, 1874.

Briggs, F. J., Ingalls; Col. I. & S., Keokuk, graduated March 2, 1880.

Beach, C. N., Glencoe; Mo. Med. Col., St Louis, Mo., graduated March 5, 1889.

Barkley, A., Pond Creek; American Med. Col., graduated June 4, 1889.

Bridgeman, M. S., Hawley; Med. Col., Ohio, graduated February 27, 1878.

Blesh, A. L., Guthrie; Chicago Med. Col., graduated March 26, 1889.

Blickensderper, C. H., Tecumseh; U. of Tennessee, graduated March 22, 1894.

Buellisfield, M. E., Blackwell; Med. Col. of Indianapolis, graduated March 29, 1895.

Butler, W. R., Moral; Med. Dept., Little Rock, graduated April 12, 1901.

Bynum, J. M., Violet; Col. of P. & S., St. Joe, graduated 1880.

Brewster, A. L., Sacred Heart; Vanderbilt Univ., graduated March 23, 1881.

Brown, R. A., Bellmont; Ter. Med. Exam. Board, graduated April 27, 1903.

Bradford, W. C., Shawnee; U. Med. Col., K. C., graduated March 27, 1901.

Baker, J. W., Enid; N. W. Med. College, graduated February 23, 1893.

Bowers, H. C., Enid; Ken. School of Med., graduated June 20, 1894.

Boyle, G. A., Enid; Jeff. Med. Col., graduated March 5, 1887.

Brown, R. A., Waukomis; Michigan Dept. Univ., graduated July 1, 1880.

Brantley, J. H., Lahoma; Tenn. Med. College, graduated March 28, 1893.

Baker, R. C., Covington; Ensworth Med. Col., graduated March 29, 1904.

Barder, J. J., Hunter; Keokuk Med. Col., graduated March 5, 1895.

Bradbrock, Henry, Delhi; Am. Med. College, graduated March 25, 1902.

Buck, D. C., Eldorado; U. of Louisville, graduated March 19, 1893.

Bray, G. T., Francis; Hos. Col. of Med., graduated June 21, 1893.

Bennett, A. C., Francis; Metro. Med. Col., graduated August 30, 1902.
Bruhnsen, Carl, Headrick; Heidelberg School of Med., graduated March 22, 1852.
Beauchamp, F. D., Mangum; Med. Dept., Ft. Worth, graduated April 1, 1897.
Border, G. F., Mangum; Col. of P. & S., graduated April 11, 1890.
Barr, J. H., Reed; State Med. Col. of Georgia, graduated March 3, 1890.
Buchannan, T. A., Oklahoma City; Col. of P. & S., graduated May 26, 1903.
Baird, A. B., Oklahoma City; Jeff. Med. Col., Phila., graduated March 13, 1880.
Barney, M. D., Oklahoma City; U. of Bell. Hos. Med. Col., N. Y., graduated January 16, 1899.
Boyd, W. J., Oklahoma City; U. of Buffalo, graduated April 5, 1895.
Bradford, C. B., Oklahoma City; K. C. Med. Col., graduated March 7, 1882.
Buxton, L. H., Oklahoma City; Med. Dept., U. of Vermont, graduated June 29, 1884.
Bacon, C. W., Pawnee; Ter. Bd. of Exam., graduated May 10, 1894.
Beitman, C. E., Skedee; Col of P. & S. St. Louis, graduated April 8, 1903.
Bagby, E. L., Ralston; Ensworth Med. Col., graduated March 18, 1898.
Barber, L. D., Ralston; U. Med. Col., K. C., graduated March 22, 1900.
Ballaine, C. W., Cleveland; Med. & Surg. Col., Univ., graduated March 23, 1897.
Browning, W. M., Hastings; Hos. Col. of Med., Louisville, graduated June 30, 1899.
Broshears, J., Lawton; Louisville Med. College, graduated March 6, 1894.
Brewer, T. W., Lawton; Barnes Med. Col., St. Louis, graduated April 12, 1901.
Benson, A. H., Faxon; Rush Med. Col., Ann Arbor, graduated June 18 1902.
Baird, C. W., Selman; Homeo. Med. Col., St. Louis, graduated April 8, 1897.
Beckham, G. M., Walters; Am. Med. Col., St. Louis, graduated June 2, 1901.
Bishop, M. L., Walters; Med. Dept., Ft. Worth U., graduated April 4, 1901.
Baker, A., Wood; K. C. Med. Col., graduated March 22, 1901.
Beasley, A., Hobart; Mo. Med. Col., St. Louis, Mo., graduated March 2, 1882.

Bonham, J. M., Hobart; K. C. Med. Col., graduated March 22, 1901.
Bryce, J. R., Snyder.
Baker, A. A., Cooperton; Phys. Ec. Med. Col., graduated June 1, 1889.
Burns, C. E., Mt. View; Tulane U., Iowa City, graduated April 6, 1895
Beckham, H. F., Roosevelt; Col. of Ec. Med. & Sur., graduated February 29, 1892.
Black, W. E., Wildman; Memp. Hos. Med. Col., graduated April 26, 1901.
Brinks, W. J., Siboney; Am. Med. Col., St. Louis, graduated June 5, 1894.
Boyd, David H., Anadarko; Rush Med. Col., Chicago, graduated June 21, 1901.
Barrett, A. E., Hinton; U. of Nashville, Tenn., graduated March 31, 1899.
Brown, B. B., Swan Lake; Ter. Bd. Med. Exam., graduated December 5, 1901.
Blair, S., Apache; Hos. Col. of Med., graduated June 14, 1887.
Brown, Benj. B., Apache; Hos. Col. of Med., graduated June 30, 1898.
Bencler, J. H., Apache; Col. of P. & S., Keokuk, graduated June 19, 1878.
Bassinger, Wm. I., Sweetwater; U. of Dallas, Texas, graduated April 18, 1901.
Butts, A. J., Ingersol; Ter. Bd. of Exam., graduated May 23, 1895.
Bilby, A. N., Alva; Louisville Med. Col., graduated March 6, 1894.
Bowling, J. A., Alva; K. C. Med. Col., graduated March 13, 1888.
Barnes, J. H., Jett; Hos. Col. Med., Louisville, graduated June 27, 1901.
Babb, J. C., Dane; Ind. Med. Col., graduated June 15, 1898.
Barnett, N. M., Dane; Marion Sims Med. Col., graduated April 19, 1899.
Bartle, P., Carmen; Barnes Med. Col., St. Louis, graduated March 17, 1896.
Bartle, Ira, Carmen; Ter. Bd. of Exam., graduated May 5, 1895.
Bolton, W. D., Clinton; Louisville Med. Col., graduated February 25, 1887.
Baughss, W., Clinton; Louisville Med. Col. graduated March 24, 1903.
Brengle, W. E., Perry; Rush Med. Col., graduated 1879.
Brengle, D. D., Perry; Col. of P. & S., Chicago, graduated March 24, 1891.
Brafford, S. F., Billings; Hos. Med. Col., Louisville, graduated February 26, 1878.
Browning, J. W., Geary; Barnes Med. Col., graduated April 12, 1899.

Barnett, J. S., Hitchcock; St. U. Med. School, Columbia, graduated June 3, 1896.

Brandes, G. C., Omega; H. Ludwigs U., Giesson, Ger., graduated March 15, 1886.

Boulsm, I. C., Meeker; Homeo. Med. Col. of Mo., graduated March 6, 1884.

Baugh, J. H. Meeker; Med. Dept., U. of Louisville, graduated March 13, 1893

Bilby, Geo. M., Stroud; Louisville Med. College, graduated March 5, 1894.

Benedict, J. L., Chandler; Cin. Col. of Med. and Sur., Ohio, February 28, 1883.

Bisbee, W. G., Chandler; Dartmouth Med. Col., N. Y., graduated February 26, 1901.

Brown, F. C., Sparks; Rush Med. Col., graduated June 22, 1900.

Betts, S. D., Stroud; Vanderbilt U., graduated April 24, 1894.

Byars, A. C., Stroud; Tenn. Med. Col., graduated November 21, 1902.

Bell, W. K., Meeker; Maryland Med. Col., Balt., graduated May 20, 1900.

Barnes, S. M., Stillwater; Med. Dept., Howard U., Washington, graduated June 17, 1891.

Barker, C. T., Cople; College of P. & S., Balt., Md., graduated March 14, 1889.

Campbell, J. L., Watonga; U. of Vermont, graduated June 28, 1900.

Cody, J. R., Red Rock; Med. Col. Ohio, Cincinnatti, graduated March 1, 1875.

Curphey, F. D., Thomas; Col. of P. & S., K. C., March 26, 1902.

Christie, E. E., Cleo; Col. of P. & S., Keokuk, graduated March 1, 1881.

Clark, Z. J., Ingersol; K. C. Med. Col., graduated March 15, 1900.

Clapper, E. P., Waynoka; Keokuk Med. Col. of P. & S., graduated April 9, 1901.

Clark, J. P., Elk City; Nashville U. Med. Dept., graduated March 1, 1869.

Campbell, Gec. C., Anadarko; K. C., Med. Col., graduated March 29, 1899.

Campbell, Bertha H., Anadarko; Woman's Med. Col., Pa., graduated May 6, 1891.

Campbell, Sam T., Alden; K. C. Med. Col., graduated March 29, 1898.

Cullom, O. B., Hennessey; Homeo. Med. Col., K. C., graduated March 25, 1897.

Carey, M. H., Maramec; Phys. Med. School, Ind., graduated Feb. 15, 1877.

Carey, Emma C., Maramec; Phys. Med. School, Ind., graduated March 22, 1883.

Campbell, D. A., Oklahoma City; U. of Louisville, graduated March 3, 1893.

Chism, Aaron B., Oklahoma City; Meharry Med. Col., graduated February 2, 1899.

Clutter, W. H., Oklahoma City., Cincinnati Med. & Sur. Col., graduated Feb. 1868.

Cockrall, H. S., Oklahoma City; Creighton Med. College, Omaha, graduated April 23, 1896.

Cravens, T. A., Oklahoma City; Long Island Col & Hos., graduated June 25, 1874.

Clark, A. Lee, Oklahoma City; Grand Rapids Med. Col., graduated June 3, 1901.

Comp, G. A., Edmond; St. Louis Col. of P. & S., graduated April 8, 1903.

Calhoun, Z. T., Choctaw; Marion Sims Med. Col., graduated March 14, 1891.

Calbert, S. D., Shawnee; Scuthern Med. Col., graduated March 30, 1897.

Cunningham, J. C., Shawnee; Maryland Med. Col., graduated May 1, 1903.

Coyle, J. E., Shawnee; Med. Dept. U. of Tenn., graduated Feb. 22, 1892.

Caldwell, A. A., Tecumseh; Louisville Med. Col., graduated March 2, 1893.

Cordell, U. S., Romulus; Chat. Col. of Med., graduated March 15, 1895.

Cowdrick, E. E., Enid; Chicago Med. Col., graduated March 26, 1886.

Cotton, L. W., Enid; Mo. Med. Col., graduated March 3, 1887.

Chapin, Chas., Drummond; U. Med. Col, graduated March 27, 1901.

Cox, F. M., Wildwood; Am. Med. Col. St. Louis graduated June 2, 1887.

Chandler, H. S., Woodward; Mo. Med. Col. St. Louis, graduated March 3, 1887

Cockrill, W. S., Moreland; Creighton Med. Col., Omaha, graduated April 23, 1896.

Capshaw, M. T. J., Norman; Memp. Hos. Med. Col., graduated July 29, 1884.

Coleman, W. L., Lexington; U. of Georgia, graduated March 1, 1881.

Clifton, G. M., Stella; Ter. Med. Exam. Board, graduated April 17, 1903.

Cooner, C. E., Richland; Chicago Med. Col., graduated June 27, 1898.

Coleman, R. H., Piedmont; Scientific Med. Col, graduated Dec. 12, 1900.

Clark, F. H., El Reno; U. Med. Col. K. C., graduated March 22, 1900.

Clement, W. R., Yukcn; Med. Dept. U. of Louisville, graduated March 2, 1892.

Campbell, O. X., Lawton; U. of Michigan, graduated March 29, 1876.

Cook, T. J., Corum; Hos. Col. of Med., graduated June 16, 1885.

Colby, G. B., Cloud Chief; Chicago Med. Col., graduated March 28, 1880.

Clarkson, W. H., Blair; Memp. Hos. Med. Col., graduated March 29, 1889.

Crow, E. S., Cornel; Med. Dept. U. cf Georgia, graduated April 4, 1892.

Chapman, E. M., Headrick; Ken. School of Med., graduated 1887.

Campbell, J. F., Olustee; Atlanta Col. of P. & S., graduated April 4, 1902.

Castleberry, R. T., Violet; Col. of Indiana, graduated Mar. 22, 1899.

Cotteral, C. E., Guthrie; Med. Col. of Ohio, graduated March 7, 1883.

Childers, A. G. T., Mulhall; Ensworth Med. Col. of Jt. Jce, graduated March 6, 1890.

Cowden, A. L., Stroud; U. Med. Col. K. C., Mo., graduated March 22, 1900.

Cleverdon, L. A., Stillwater; Medico. Chirurgical. Col., graduated March 20, 1901.

Cash, James M., Glencoe; Beau. Hos. Med. College, graduated April 8, 1898.

Cullimore, Grant, Oklahoma City; Rush Med. Col., graduated Feb. 17, 1885.

Conrad, W. H., Guthrie; Ec. Med. Inst. Cinn., graduated June 3, 1890.

Cassey, W. A., Keokuk Falls; Hos. Med. Col., Memp., Tenn., graduated April 27, 1900.

Colliet, J. W., Yeldell, Memp. Hos. Med. Col., graduated April 26, 1901.

Doss, G. W., Erick; U. Augusta, Ga., graduated March 1, 1881.

Dodson, T. J., Mangum; Med. Dept. U. of Tenn., graduated Feb. 23, 1891.

Dodson, W. O., Mangum; Ter. Med Exam Board, graduated March 18, 1903.

Dillon, G. A., Foss; Col. of P. & S., Des Moines, graduated March 4, 1887.

Doleson, F. R., Lawtcn; Tulane University, graduated May 21, 1898.

Decker, A. V., Newkirk; Keokuk Med. Col., graduated March 10, 1891.

Davis, J. A., Norman; Med. Dept. U. New Orleans, graduated March 11, 1871.

Doak, C. A., Kremlin; Memp. Hos. Med. Col., graduated April 5, 1902.

Dean, L. P., Shawnee; Ken. School of Med., graduated June 20, 1896.

Dodson, S. D., Maud; U. Tenn. Med. Col., graduated March 21, 1895.

Dawson, B. B., Asher; Ter. Med. Exam Board, graduated Dec. 15, 1900.

Dagley, E. L., Oklahoma City; Med. Dept. of Louisville, graduated March 1, 1887.

Dran, H. R., Oklahoma City; Ter. Board of Exam., graduated Nov. 8, 1893.

Dicken, W. E., Oklahoma City; Col. of P. & S., St. Louis, graduated April 9, 1901.

Durrett, D. W., Pawnee; U. Med. Col., K. C., graduated March 27, 1900.

Dickey, W. T., Anadarko; Col. of P. & S., Baltimore, graduated March 1, 1882.

Dial, W. A., Cement, Tenn. Med. Col., Knoxville, graduated March 19, 1891.

Dean, C. H., Custer City; Ga. Col. of Elec. Med. & S., graduated Feb. 29, 1892.

Dougan, W. M., Perry; Med. Dept. U. of Louisville, graduated March 14, 1882.

Doggett, E. E., Perry; K. C. Med. Col., graduated Nov. 16, 1892.

Dean, L. E., Ripley; Ky. School of Med., Louisville, graduated June 30, 1898.

Davis, W. H., Chandler; Bennett Med. Col., Chgo., graduated March 29 1887.

Derr, J. I., Chattanooga; Ter. Med. Ex. Bd., graduated Jan. 20, 1903.

DeArmor, M. M., Willow; Med. Dept., U. of Tenn., graduated March 26, 1901.

Dawson, W. D., Mangum; U. of Dallas Med. Dept., graduated Mar. 18, 1902.

Dunlavy, S. W., Maranus; Keokuk Med. Col., graduated April 14, 1902.

Dobson, A. T., Trail; U. of Pa., Phila., graduated March 15, 1882.

Duke, J. W., Guthrie; U. of N. Y., Med. Dept., graduated May 25, 1893.

DeLong, A. H., Waynoka; Rush Med. Col., graduated May 22, 1899.

Damrell, C. E., Enid; Central Med. Col., graduated Mar. 4, 1898.

Day, C. R., Edmond; Beau. Hos. Med. Col., graduated March 18, 1891.

Downs, C. V., Jones; U. of Pa., graduated May 15, 1883.

Evans, W. A., Cordell; Ter. Med. Exam. Board, graduated March 4, 1897.

Edgington, A. L., Watonga; K. C. Homeo. Med. Col., graduated March 19, 1893.

Edwards, P. A., Geary; Ter. Med. Exam. Board, graduated March 18, 1903.

Ebright E. D., Carmen; K. C. Med. Col., graduated March 26, 1896.

Edens, Milton H., Hillsborough; Med. Dept. U. of Georgia, graduated April 2, 1902.

Edwards, R. T., Oklahoma City; Jeff. Med. Col., graduated April 3, 1887.

Ellis, J. B., Shawnee, Am. Med. Col., graduated May 24, 1887.

Evans, Elias, Ponca City; Central Med. Col. of P. & S., graduated March 1, 1887.

Ellis, G. M., Independence; N. W. Med. Col., St. Joe, Mo., graduated Feb. 26, 1889.

Emerson, A. V., Lucien; Col. P. & S., Chgo., graduated May 20, 1902.

Evans, J. J., Stroud; Louisville U. Med. Dept., graduated March 13, 1894.

Easter, E. D., Pond Creek; Col P. & S., Keokuk, graduated March 1, 1880.

Evans, T. E., Wellston; U. of Denver, Med. Dept., graduated April 17, 1894.

Fisher, J. S., Lawton; K. C. Med. Col., graduated March 6, 1883.

Fair, A. B., Fredrick; Col. of Med. U. Iowa City, graduated March 13, 1895.

Farrar, G. W., Mirage; K. C. Med. Col., graduated March 20, 1895.

Fowler, E. E., Tonkawa; Starling Med. Col. Ohio, graduated April 27, 1897.

Feild, R. A., Enid, Belle Hos. Med. Col., graduated March 1880.

Farrington, C. F., Shawnee; Hahne. Med. Col., graduated Feb. 28, 1885.

Fullington, A. W., Oklahoma City; Med. Dept. Ft. Worth U., graduated April 3, 1902.

Flesher, T. H., Edmond; Keokuk Col. of P. & S., graduated April 9, 1901.

Fields, C. H., Choctaw; St. Louis Col. of P. & S., graduated April 7, 1902.

Fleming, J. R., Sinnett; Nashville Med. Col., graduated March 30, 1900.

Fraley, J. J., Hominy; Memp. Hos. Med. Col., graduated April 19, 1903.

Friedmann, Paul, Keil; Med. Inst. Keltz, Russia, graduated May 11, 1887.

Frazier, E. A., Lambert; Homeo. Med. Col., graduated March 5, 1883.

Fisk, Chas. W., Kingfisher; Rush Med. Col., graduated March, 1886.

Fitzgerald, D. L., Lambert; K. C. Med. Col., graduated March 15, 1900.

Francisco, J. W., Cleo; U. of Tenn., Nashville, graduated Feb. 22, 1888.

Frizzelle, J. T., Butler; K. C. Med. Col., graduated March 15, 1900.

Felt, R. A., Perry; Barnes Med. Col., graduated April 12, 1899.
Fowler, Jas. E., Altus; Memp. Hos Med. Col., graduated March 1, 1887.
Farber, J. E., Cordell; Atlanta Med. Col., graduated March 4, 1887.
Field, W. C., Foss; Col. of Med. San Francisco, graduated Nov. 22, 1892.
Fayginnis, H. M., Chandler; Med. Dept. Wooster U. of Ohio, graduated March 4, 1880.
Freeman, J. D., Brown; College P. & S., graduated Feb. 14, 1878.
Fulkerson, E. L., Marshall; K. C. Med. Col., K. C., graduated March 16 1891.
Finnie, J. M., Norman; Med. Dept. of Ft. Worth, graduated April 5, 1900.
Fuller, B. F., Yukon; Ec. Med. College of Cinn., graduated May 28, 1879.
Gillis, J. A., Frederick, U. of Tenn., Nashville, graduated March 26, 1895.
Goach, L. T., Lawton; Hosp. Med. Col., Louisville, graduated June 18, 1896.
Gardner, R. L., Hulen; U. of Louisville, graduated March 14, 1892.
Gossom, K. D., Custer City; Hos. Col. of Med., Louisville, graduated July 1, 1902.
Gamble, D. C., Alva; Col. of P. & S., Keokuk, Iowa, graduated Feb. 16, 1875.
Grove, B. C., Carmen; K. C. Med. Col., graduated March 15, 1900.
Gill, W. W., Ringwood; Beaumont Med. Col., St. Louis, graduated March 28, 1901.
Gregg, S. S., Capron; Ter. Med. Exam. Board, graduated Jan. 29, 1903.
Gotcher, S. A., Hobart; Col. of P. & S., graduated April 9, 1901.
Goose, C. O., Hennessey; Keokuk Med. Col., graduated March 6, 1894.
Glenn, T. B., Keystone; Nat. Med. Col., Washington, graduated Feb. 15, 1866.
Gray, H. H., Oklahoma City; Victoria Med. Col., graduated April 11, 1890.
Gunn, W. H., Oklahoma City; Am. Ec. Med. Col. Cincinnati, graduated May 22, 1880.
Grayson, A. F., Shawnee; Chat. Med. Col., graduated April 23, 1901.
Grey, E. J., Tecumseh; Vanderbilt University, graduated March 7, 1889.
Griffin, D. W., Norman; Col. of Med., Richmond, Va., graduated May 11, 1899.
Glader, Guston, Henderson; Med. Dept., Tulane U., graduated April 5, 1893.
Gilham, E., Calumet; Hos. Med. Col., K. C., graduated June 18, 1896.

Germain, Geo., Ponca City; Rush Med. Col., graduated May 23, 1894.
Gray, J. T., Stillwater; Louisville Med. Col., graduated Apr. 17, 1896.
Gaylen R. N., Chandler; Am. Med. Col., St. Louis, graduated June 5 1883.
Hume, Chas. R., Anadarko; U. of Michigan, graduated, March 23, 1874
Hobbs, A. F., Bridgeport; Ken. School of Med., graduated June 1896.
Hinke, J. J., Hydro; St. Louis Col. of P. & S., graduated April 11, 1900.
Harriman, B. F., Ft. Cobb; Col. of P. & S., Keokuk, graduated Feb. 28, 1882.
Hazen, A. L., Newkirk; K. C. Med. Col., graduated March 24, 1898.
Havens, A. R., Nardin; Barnes Med. Col., graduated April 22, 1901.
Huntington, R. C., Nardin; Phys. Med. Inst., Chicago, graduated March 13, 1899.
Hatchett, J. A., El Reno; Mo. Med. Col., graduated March 4, 1884.

Hunt, J. S., Curtis; Starling Med. Col., graduated March 15, 1883.
Hawkins, L., Willard; Chic. Phys. Med. Col., graduated March 22, 1894.
Hill, W. R., Oleta; Terr. Med. Exam. Board, graduated April 1, 1898.
Hall, R. L. Enid; Mo. Med. Col., graduated March 26, 1894.
Hubble, H. W., Drummond; N. W. Med. School, St. Joe, graduated, March 24, 1898.
Hamilton, B. F., Shawnee; Ohio Med. Col., graduated March 7, 1884.
Henderson, W. E., Shawnee; U. of Louisville, graduated March 5, 1873.
Harris, E. M., Violet; Med. Dept. Grant U., graduated April 23, 1901.
Harris, C. T., Violet; Chat. Med. Col., graduated April 23, 1902.
Holcomb, Jno. L., Brown; Col. of P. & S., Keokuk, graduated March 15, 1898.
Hall, J. F., Oklahoma City; Louisville, Med. Col., graduated March 25, 1896.
Hardenstein, F. W., Oklahoma City; Hahne. Med. Col. Phil., graduated April 19, 1893.
Hoops, F. C., Oklahoma City; College of P. & S., Chicago, graduated May 20, 1902.
Howard, R. M., Oklahoma City; U. of Michigan, graduated June 20, 1901.
Haas, Carl, Harrah; Southern Med. Col., graduated March 30, 1898.
Hudson, W. B., Jennings; Ter, Board of Exam., graduated Aug. 19, 1899.
Houseworth, J. L., Cashion; Med. Dept., U. of Louisville, graduated March 18, 1895.
Hood, W. J., Cooperton; Starling Med. Col., graduated 1874.
Herrold, M., Elk City; Wity School, Germany, graduated Sept. 28, 1863.

Hall, Wm. B., Carter; Nat. Col. of Electro-Thera., graduated Dec. 26, 1896.

Helf, Jno. C., Berlin; Mo. Med. Col., graduated March 2, 1886.

Hempstead, W. E., Arapaho; Med. Dept. Vanderbilt U., graduated March 2, 1891.

Hood, C. O., Perry; Med. Col. of Indiana, graduated Feb. 18, 1879.

Harrison, E. M., Perry; Homeo. Med. Col. Mo., graduated Feb. 25, 1875.

Hunt, T.W., Geary; Jef. Med. Col. of Phil., graduated May 9, 1894.

Hidgon, E. F., Cantonement; U. Med. Col. K. C., graduated March 28, 1899.

Hart, W. E., Longdale; Col. of P. & S. St. Louis, graduated March 26, 1896.

Hoffman, L. H., Duke; U. of the South, graduated Jan 22, 1903.

Hyde, R. H., Eldorado; Vanderbilt U., graduated March 7, 1887.

Horsley, Thos. J., Francis; Barnes Med. Col., graduated April 12, 1901.

Hodge, B. H., Navajoe; U. of Dallas Med. Dept., graduated April 18, 1901.

Hardin, T. H., Olustee; Med. Dept U. of Nashville, graduated March 2, 1892.

Harris, E. B., Salton; Chirug. Med. Col., graduated Feb. 29, 1876.

Hatcher, A. L., Texola; Med. Dept. U. of Tenn., graduated Feb. 23, 1892.

Hunt, V. V., Cordell; Dunham Med. Col., graduated April 22, 1902.

Harms, J. H., Cordell; U. Med. Col. K. C., graduated March 22, 1902.

Hartford, Jno. S., Colony; K. C. Med. Col., graduated March 22, 1901.

Harris, W. F., Wood; Col. of P. & S., Atlanta, graduated April 3, 1900.

Hamilton, A. L., Marena; Rush Med. Col. of Chgo., graduated March 19, 1889.

Hues, C. B., Lawton; Western Reserve U., graduated Feb. 26, 1894.

House, C. F., Hastings; Tulane University, graduated May 1, 1901.

Hays, A. J., Frederick; Keokuk Med. Col., graduated March 10, 1891.

Hitch, W. N, Lawton; Rush Med. Col., graduated March 28, 1893.

Hood, J. R., Nelms; Hos. Col. of Med., graduated July 1, 1897.

Holloway, W. A., Nellie; Med. Col. of Mobile, Ala., graduated March 29, 1889

Houseworth, Cashion; Col. P. & S., Keokuk, graduated March 16, 1897.

Hall, J. E., Pond Creek; Louisville Med. Col., graduated March 2, 1897.

Hamilton, J. M., Omega; Ter. Bd. of Exrs., graduated Feb. 1, 1901.

Hulan, F. P., Pond Creek; Mo. Med. Col., St. Louis, graduated March 5, 1885.

Hardy, T. V., Medford, U. Med. Col., K. C., Mo., graduated March 27, 1901.

Hahn, L. H., Guthrie; Col. P. & S., Chgo., graduated May 20, 1892.
Hedden, J. W., Shawnee; Col. Med. and Surg., graduated Feb. 18, 1875.
Hannah, J. W., Tonkawa; N. W. Med. Col. St. Joe, graduated 1892.
Hiatt, L. J., Guthrie; Ohio Med. Col., graduated March 11, 1884.
Hannah, J. H., Prague; Memp. Hos. Med. Col., graduated March 18, 1886.
Hill, C. B., Guthrie; U. Med. Col., K. C., graduated March 28, 1899.
Hamill, J. K., Guthrie; Rush, graduated Feb. 15, 1887.
Hamill, Eunice B., Guthrie; Col. P. & S. Chgo., graduated, April 19, 1899.
Hancukratt, D. V., Guthrie; Ter. Med. Bd. of Exrs., graduated Aug. 16, 1894.
Hill, R. M. C., McLoud; Toledo Med. College, graduated March 3, 1886.
Hughes, Eli, Stillwater; Belle. Hos. Med. College, graduated March 15, 1882.
Holbrook, R. W., Perkins; Marion Sims Col. Med., graduated Apr. 19, 1899.
Hatfield, W. M., Mulhall; Med. Dept., U. of Ia., graduated March 3, 1886.
Hancock, A. C., Mulhall; K. C. Homeo. Col., graduated March 12, 1896.
Hubbard, W. M., Oklahoma City; Rush, graduated June 21, 1901.
Ingrahm, Gert., Lawton; College of P. & S., K. C., graduated March 26, 1901.
Irvin, O. H., Sayre; Ind. Med. Col., graduated Feb. 24, 1871.
Inman, L., Oklahoma City; Ill. Health U., graduated July 15, 1896.
Irvin, G. E., Gage; Col. of Homeo. Med. & Surg., graduated March 27, 1900.
Irvin, J. B., Kaw City; Central Med. Col., St. Joe, graduated March 4, 1895.
Ikerd, C. E., Blackwell; Med. Dept. U. of Louisville, graduated March 14, 1892.
James, Lee, Omega; U. Med. Col. K. C., graduated March 27, 1901.
Jenkins, S. M., Enid; Memp. Hos. Med. Col., graduated March 18, 1892.
Julian, J. K., Covington; Indiana Med. Col., graduated March 1872.
Johnson Geo. O., Ft. Cobb; Med. Dept. U. of Maryland, graduated March 3, 1867.
Johnson, W. M., Peckham; U. Med. Col., K. C., graduated March 18, 1900.
Johnson, J. M., Sayre; Louisville Med. Col., graduated March 6, 1894.
Johnson, A. S., Oklahoma City; Atlanta Med. Col., graduated March 1, 1888.

Jolly, W. J., Oklahoma City; Med. Col., State of S. C., graduated March 4, 1882.

Jester, J. T., Jones; Med. Dept. U. of Nashville, graduated March 1, 1895.

Jackson, A. H., El Reno; Col. of P. & S., Keokuk, graduated Jan. 10, 1875.

Jones, F. F., Pawhuska; Med. Dept. Columbia U., graduated May 4, 1893.

Jones, J. E., Hollis; Tulane University, graduated March 1887.

Johnson, J. J., Martha; Hos. Med. Col., graduated March 31, 1897.

Jester, J. A., Foss; Memp. Hos. Med. Col., graduated March 30, 1893.

Jones, M. A., Walters; Med. Dept. Ft. Worth U., graduated April 5, 1901.

Jameson, H. L., Cordell; Ind. Med. Col., graduated June 2, 1898.

Jester, J. A., Foss; Med. Dept. U. Nashville, graduated March 1, 1895.

Janeway, D. F., Stillwater; K. C. Med. Col., graduated March 4, 1884.

Jackson, A. C., Guthrie; Meharry Med. Col., graduated Mar. 2, 1904.

Johnson, B. F., Fairview; U. Nashville Med. Dept., graduated March 29, 1898.

Judkins, Chas., Kenton; Louisville Med. Col., graduated Feb. 28, 1871.

Jeter, A. J., Luther; Memp. Hos. Med. College, graduated March 30, 1893.

Kerley, W. J., Cordell; U. of Nashville, graduated March 30, 1900.

Kelly. W. R., Watonga; Col. of P. & S., Chicago, graduated April 13, 1893.

Keeler, F. L., Perry; Tenn. Med. Col., graduated March 30, 1900.

Kuchar, V., Yukon; Col. of P. & S., K. C., graduated March 27, 1900.

Kelly, J. E., Oklahoma City; Louisville Med. Col., graduated March 27, 1901.

King, W. M., Oklahoma City; Ec. Med. Col., Cincinnati, graduated June 16, 1882.

Kaffie, Leon, Oklahoma City; Louisville Med. Col., graduated March 24, 1893.

Kuhn, Jno. F., Oklahoma City; Med. Dept. Georgetown U., graduated May 22, 1901.

Knight, R. A., Messhack; Med. Dept. U. of Ohio,graduated June 10, 1890.

Knight, S. E., Shawnee; Bowdoin Med. Col., graduated June 26, 1902.

Kaylor, R. C., McLoud; Rush Med. Col., graduated June 22, 1900.

Kilborn, J. T., Earlboro; Beaumont Hos. Med. Col., graduated March 19, 1896.

Kerfoot. C. L., Burnett; Hos. Col. Med., graduated May 25, 1900.

Keen, N. P., Bellmont; Barnes Med. Col., graduated April 12, 1891.
Karsner, A. E., Newkirk; U. of Michigan, graduated July 1, 1880.
Kerley, W. W., Anadarko; A. I. U. Col. Little Rock, graduated April 7, 1898.
Kinder, J. M., Lookeba; Ec. Med. U. K. C., graduated March 13, 1902.
Kelso, M. A., Enid; Med. Dept. U. of Nebr., graduated March 17, 1887.
Kerr, G. W., Coldwater; U. of Michigan, graduated March 25, 1874.
Kelso, Z. C., Gage; Cincinnati Col of Med. and Surg., graduated July 3, 1871.
Kean, N. P., Bellemont; Barnes Med. Col., graduated April 12, 1891.
Kuntz, L., Canute; Vanderbilt U., Nash., graduated March 3, 1893.
Kendall, W. A., Crescent; Balt. U. School of Med., graduated March 20, 1889.
Keith, J. T., El Reno; Keokuk Med. Col., graduated April 9, 1901.
Kernodle, J. L., Calye; K. C. Med. Col., graduated March 22, 1894.
Koons, R. F., El Reno; U. of Michigan, Ann Arbor, graduated June 20,1901.
Kerr, George E., Numa; Detroit Col. of Med., graduated April 19, 1894.
Knee. L. C., Lawton; Med. U. of Ohio, graduated June 10, 1890.
Leachman, J. S., Higley; Ken. School of Med., graduated June 28, 1878.
Lukens, C. J., Enid; Mo. Med. Col., graduated March 1, 1881.
Linder, W. H., Enid; Marion Sims Col. of Med., graduated April 20, 1896.
Lawson, E. E., Carrier; Maryland Med. Col., graduated May 13, 1902.
Levi, M. H., Elk City; Atlanta Med. Col., graduated March 31, 1898.
Lovelady, R., Elk City; U. of Louisville, graduated March 29, 1879.
Lowe, A. G., Elk City; Chicago Homeo. Med. Col., graduated May 4, 1899.
Lemmon, W. W., Nardin; Med Col. of Ind., graduated March 1, 1873.
Dowery, Allen, Blackwell; U. of Louisville, graduated March 2, 1891.
Lively, M. M., Blackwell, Hos. Med Col.,K. C., graduated, June 18, 1889.
Lehew, J. L., Pawnee; U. Med. Col., K. C., graduated March 23, 1897.
Lamb, J. A., Pawnee; U. Med. Col., K. C., graduated April 7, 1904.
Lawther, R. D., Norman; Kent. School of Med., graduated June 21, 1893.
Lyon, J. J., McLoud; K. C. Med. Col., graduated March 15, 1892.
Lund, C. H., Oklahoma City; U. of Michigan, graduated June 21, 1900.
Lytle, W. A., Oklahoma City; Med. Dept. U. of Tenn., graduated April 3, 1902.
Lee, Jno. W., Oklahoma City; Detroit Med. Col., graduated April 20, 1894.

Linshican, O. M., Jones; Louisville Med. Col., graduated Feb. 29, 1872.
Lane, Thos., El Reno; Mo. Med. Col., graduated March 7, 1886.
Lain, E. S., Weatherford; Vanderbilt U., graduated April 5, 1900.
Lee, T. J., Hobart; St. Louis Col. of P. & S., graduated Feb. 26, 1883.
Lloyd, H. C., Hobart; Med. Col. of Ohio, graduated May 7, 1901.
Lynes, J. W., Bryon; Ken. School of Med., graduated June 21, 1894.
Long, L. L., Alva; U. Med. Col., K. C., graduated March 23, 1898.
Lovelady, O. E., Ceres; Barnes Med. Col., graduated April 12, 1899.
Lang, G. A., Ceres; Med. Col. of Ohio, graduated March 8, 1883.
Lohen, P. Von, Okeene; U. Dorpat, Russia, graduated April 1881.
Loving, J. H., Blair; U. Tenn. Med. Col., graduated Feb. 1881.
Ligon, A. R., Headrick; Ter. Med. Exam. Board, graduated March 17, 1903.
Lindley, Hill, Hollis; Southern Med. Col., graduated March 22, 1900.
Lindley, David, Hollis; Southern Med. Col., graduated March 1, 1892.
Lee, Geo., Leedy; Jef. Med. Col., graduated Feb. 5, 1880.
Lewis, J. L., Lawton; N. W. Med. Col., graduated June 30, 1901.
Linville, G. W., Cache; Met. Med. Col., graduated March 30, 1900.
Larscn, P. H., Cushing; N. Med. U. of Chgo., graduated March 31, 1901.
Lee. C. E., Ripley; K. C. Med. College, graduated March 25, 1902.
Lee, W. A., Ripley; Col. of P. & S., Keokuk, graduated March 25. 1893.
Lumm, E. E., Stroud, N. W. Med. Col., St. Joe. graduated Feb. 25, 1891.
Lane, I. D., Kenton; Herring Med. College, Chgo., graduated April 10, 1900.
Langston, W. H., Guymon; Mo. Med. Col., graduated March 23, 1893.
Leahterack, R. E., Putnam; Ter. Med. Ex. Bd., graduated Oct. 18, 1900.
Leake, J. B., Jennings; Ensworth Med. Col. St. Joe, graduated March 4, 1891.
Meyers, D. A., Lawton; McGill U. Med. Col., graduated June 10, 1898.
Meeker, E. D., Lawton; St. Louis Med. Col., graduated March 12, 1891.
Meredith, C. S., Lawton; U. Med. Col., K. C., graduated March 12, 1891.
Mead, W. B., Lawton; Rush Med. Col., graduated Jan. 17, 1872.
Mead, Maud, Lawton; Omaha Med. Col., graduated April 5, 1891.
Mavity, A. R., Lawton; Central Med. Col. St. Joe, graduated March 1, 1902.
Maupin, C. M., Lawton; Barnes Med. Col., graduated March 17, 1895.
Makesome, S. C., Gironimo; Col. of P. & S., St. Joe, graduated March 2, 1880.
Meroney, S. S., Delhi; Metro. Med. Col., graduated May 28, 1900.
Moore, S. A., Perry; Col. of P. & S., Chicago, graduated March 24, 1891.
Medaris, J. H., Alvereta; U. Med. Col., graduated March 22, 1891.

Mathis, L., Hoyle; Barnes Med. Col., graduated April 12, 1899.
Miller, A. L., Hobart; St. Louis Col. of P. & S., graduated March 20, 1895.
Muller, J. A., Snyder; Marion Sims Med. Col., graduated May 1, 1902.
Mootz, H., Snyder; U. of Augusta, Ga., graduated May 15, 1873.
Miller, W. W., Gotebo; U. Med. College., graduated March 27, 1901.
Morgans, S. L., Mt. View; State U. of Iowa, graduated April 1, 1898.
Moessner, T. C., Mt. Park; Med. Col. Cincinnati, graduated May 28, 1896.
Murphy, G. W., Thomas; Col. of P. & S., Keokuk, graduated July 16, 1872.
Meredith, J. S., Corlea; Ter. Med. Exam. Board, graduated Aug. 18, 1899.
Muzzy, W. J., El Reno; Mo. Med. Col., graduated March 3, 1897.

Powers, J. S., Delhi; Memp. Hos. Med. Col., graduated March 29, 1889.

Pendergraft, W. C., Hollis; St. Louis Col. of P. & S., graduated March 14, 1892.

Priestley, F .G., Frederick; Memp. Hos. Med. Col., graduated March 29, 1895.

Pegram, T. J. I., Taloga; Med. Dept., Vanderbilt, graduated March 31, 1898.

Palmer, Thomas, Lambert; Columbia Med. Col., K. C., graduated March 19, 1901.

Parker, W. W., Berlin; Ter. Med. Ex. Board, graduated March 17, 1903.

Patton, D. H., Woodward; Chicago Med. College, graduated March, 1867.

Peck, F. S., Stillwater; Ec. Med. Col. of St. Louis, graduated May 25, 1875.

Pierson, O. A., Woodward; Keokuk Med. College, graduated April 28, 1903.

Pickering, J. N., Ingalls; Col. of P. & S., of Keokuk, graduated March 2, 1882.

Prendergraft, Wm., Corney; St. Louis Med. College, graduated March 26, 1896.

Petty, C. S., Guthrie; Chicago Homeo. Med. Col., graduated March 3, 1897.

Phillips, L., Seward; U. of the South, graduated December 19, 1901.

Rce, M. P., Fallis; Bennett Med. Col., Chicago, graduated May 20, 1873.

Reeder, H. A., Stillwater; Marion Sims, St. Louis, graduated April 2, 1896.

Reed, Horace, Guthrie; U. of Mo., Columbia, Mo., graduated June 5, 1901.

Rucks, W. W., Guthrie; U. of Nash., Nashville, graduated March 24, 1897.

Ramaly, L. G., Guthrie; P. & S., Joplin, Mo., graduated March 9, 1882.

Reinhart, J. H., Evansville; Ter. Ex. Bd., graduated March 21, 1900.

Roberts, J. H., Medford; U. of Va., Richmond, graduated June 17, 1897.

Romaine, J. P., Jett; U. of Lincoln, Neb., graduated March 16, 1897.

Rathburn, E. D., Independence; N. W. Med. Col., St. Joe, graduated February 25, 1889.

Reck, J. A., Oklahoma City; Marion Sims, graduated March 23, 1893.

Rolator, J. B., Oklahoma City; Vanderbilt University, graduated March 1, 1884.

Russell, U. L., Oklahoma City; Med. Dept. Wash. U., St. Louis, graduated March 14, 1893.

Reeder, P., Sinnett; Ter. Bd. of Med. Exam., graduated March 26, 1897.

Reynolds, J. L., McLoud; Barnes Medical College, graduated April 8, 1898.

Rice, E. E., Shawnee; Hos. Col. of Med., Louisville, graduated June 18, 1896.

Rowland, T. D., Shawnee; Memp. Hcs. Med. Col., graduated April 29, 1903.

Ray, Mary E. B., Tecumseh; Cleveland Homeo. Med. Col., March 29, 1887.

Royster, J. H., Wannette; Ter. Bd. of Med. Exrs., graduated June 1, 1899.

Robertson, W. A. T., Ponca City; McGill U. of Montreal, Nov. 31, 1896.

Richards, Chas. B., Kildare; Ec. Med. U. of K. C., graduated March 13, 1902.

Rogers, McLain, Geary; Atlanta Col. of P. & S., Ga., graduated April 4, 1902.

Ritter, J. M., Rocsevelt; U. Med. Col., K. C., graduated March 22, 1900.

Roberts, E. E., Mt. Park; U. of the city of N. York, graduated March 14, 1875.

Richardson, D. P., Union City; Louisville Med. College, graduated March 5, 1894.

Roberts, S. F., El Reno; Hos. Med. Col., Louisville, graduated June, 1893.

Runkle, R. E., El Reno; Barnes Med. College, graduated April 12, 1899.

Redding, H. C., Headrick; Amer. Med. Col., graduated June 5, 1894.

Ray, W. T., Kelley; Electric Med. Institute, graduated June 1, 1892.

Rawls, S. P., Lock; Charity Hos. Med. Col., graduated March 6, 1872.

Rutland, W. H., Mangum; Memp. Hos. Med. Col., graduated April 27 1900.

Ryan, J. A., Manitou; Hos. Col. of Medicine, June 14, 1887.

Rowell, J. F., Merrs; Hahnemann Med. College, graduated May 2, 1895.

Ryan, Scofield; Ky. School of Medicine; graduated June 20, 1895.

Ralston, J. O., Croft; Marion Sims Med. Col., graduated April 3, 1896.

Renfrow T. F., Billings; Mo. Med. College, graduated March 24, 1896.

Rhul, J. E., Keil; Ec. Med. Inst. of Cinn., graduated January 10, 1854

Rector, N., Hennessey; Med. Dept. of U. of Tenn., graduated March 18, 1877.

Robinson, R. L., Cloud Chief.

Robinson, J. H., Alva; Ind. Med. Col. of Ind., graduated February 26, 1875.

Richards, C. H., Cleo; Physio. Med. Col., Chicago, graduated April 15, 1897.

Rutledge, C. F., Alva; Col. of P. & S., of Keokuk, graduated February 24, 1895.

Riley, H., Elk City; Mo. Med. College, graduated March 2, 1882.

Robinson, O. L., Hydro; K. C. Med. College, graduated March 18, 1892.

Reid, J. G., Hydro; Chicago Medical College, graduated March 20, 1877

Reynolds, J. P., Pierce; Memp. Hoc. Col. of Medicine, graduated March 27, 1891.

Racer, T. H., Woodward; Starling Med. College, graduated March 5, 1891.

Rose, W. T., Woodward; Cent. Med. Col., St. Joe., graduated March 2, 1903.

Romaine, J. P., Shattuc; University of Lincoln, Neb., graduated March 16, 1897.

Rone, J. B., Oklahoma City; U. of Louisville, graduated March 13, 1893.

Rone, K. R., Oklahoma City; Vanderbilt University, graduated March 1889.

Rhule, A. M., Edmond; Homeo. Med. College, graduated March 29, 1900.

Rhule, N. B., Edmond; Homeo. Med. College, graduated March 12, 1896.

Streng, Laverne; Ft. Wayne Col. of Med., graduated March 9, 1892.

Stecher, W. H., Supply; Col. of P. & S., of K. C., graduated March 25, 1903.

Stout, R. L., Lahoma; Ter. Bd. Med. Exrs., graduated February 15 1900.

Smith, C. A., Hinton; Kansas Med. Col., Topeka, graduated March 27, 1903.

Stooksbury, J. M., Cement; U. S. Grant University, graduated March 14, 1893.

Sanders, P. L., Carnegie; K. C. Med. Col., graduated March 22, 1901.

Scott, Ada May, Apache; Cleveland Homeo. Medical College, graduated April 10, 1901.

Sanger, Paul, Dutton; Ft. Worth Med. College, graduated April 6 1899.

Standifer, T. E., Elk City; Louisville Med. College, graduated February 21, 1899.

Standifer, J. E., Cheyenne; Ky. School of Medicine, graduated April 20, 1900.

Smith, L. J., Fairview; U. Med. College of K. C., graduated March 11, 1886.

Specht, C. W. J., Rush; Ter. Bd. of Med. Exrs., graduated June 1, 1899.

Scott, G. E., Jett; Barnes Med. Col., graduated April 12, 1899.

Sherbourne, A. M., Cordell; N. W. Med. School of St. Joe, graduated February 17, 1881.

Smith, C. W., Rockey; Mo. Med. College, graduated March 5, 1879.

Speer, G., Foss; Am. Med. Col., St. Louis, graduated April 2, 1901.

Stone, Ira, Kingfisher; Rush Med. College, graduated March 25, 1890.

Sloan, E. N., Kingfisher; Mo. Med. College, graduated March 24, 1896.

Share, A. L., Kingfisher; Detroit Col. of Medicine, graduated March 22, 1892.

Smith, J. G., Perry; Col. of P. & S., of New York, graduated March 12, 1863.

Southard, R. W., Perry; Hahnemann Med. Col. of Chicago, graduated February 28, 1878.

Selway, W. W., Lawton; Mo. Med. Col., graduated March 13, 1891.

Stephens, J. M., Hastings; Col. of P. & S. of St. Louis, graduated March 28, 1893.

Sanders, J. W., Lawton; Med. Dept., Butler U. of Indianap., graduated March 1, 1883.

Shoemaker, F., Lawton; Georgetown College, Wash., D. C., graduated May 2, 1891.

Stryker, J. E., Lawton; N. W. Med. Col., graduated March 23, 1883.
Spurgeon, J. F., Kinnick; Barnes Med. College, graduated April 6, 1897.
Starbuck, F. A., Meers; Ec. Med. University, K. C., graduated March 13, 1902.
Swimley, C. L., Walters; Barnes Medical College, graduated March 17, 1896.
Stewart, A. H., Indiahoma; Med. Col. of Ohio, graduated March 2, 1882.
Sanderson, W. E., Altus; U. of Louisville, graduated March 3, 1891.
Smith, J. R., Bloomington; Ter. Bd. of Med. Exrs., graduated August 24, 1893.
Stovall, A. F., Granite; U. of Louisville, graduated March 7, 1882.
Street, O. J., Martin; Med. Dept. of U. of South, graduated January 20, 1901.
Stovall, J. D., Mangum; Certificate from Texas, 1894.
Stults, J. S., Olustee; Mo. Med. College, graduated March 27, 1894.
Scarbarough, J. W., Russell; Ter. Bd. of Med. Exrs., March 17, 1903.
Spears, Claude G., Altus; Worth Medical Col., graduated April 3, 1902.
Spitler, J. B., Yukon; Col. P. & S., Keokuk, graduated January 14, 1877.
Sanger, S. S., Yukon; Ter. Bd. Med. Exrs., graduated February 15, 1898.
Stillwell, C. F., Peidmont; Ter. Bd. of Med. Exrs., graduated November 18, 1897.
Stayner, I. C., El Reno; Med. Dept., Wash. Univ., St. Louis, graduated May 19, 1904.
Swartz, E. F., Enid; U. Med. Col., N. C., graduated March 26, 1903.
Steward, E. A., Tacoma; U. Med. Col., K. C., graduated March 26, 1902.
Smith, W. J., Mt. View; U. of Ark., Little Rock, graduated March 1, 1888.
Smith, A. E., Okeene; Ky. School of Medicine, graduated June 26, 1884.
Scott, J. W., Ponca City; McGill U. of Montreal, graduated June 19, 1899.
Sweet, A. B., Ponca City; Homeo. Med. Col., Chicago, graduated February 21, 1888.
Smith, A. J., Ponca City.
Schenck, Walter, Ponca City; College of P. & S., K. C., graduated March 2, 1880.
Schenck, J. H., Ponca City; N. W. Med. School, St. Joe., graduated March 4, 1895.
Steagall, Thos. R., Blackwell; Ky. School of Medicine., graduated June 30, 1897.

Shive, J. R., Shawnee; Med. Dept., U. of Tenn., graduated February 24, 1880.

Sanders, T. C., Shawnee; Louisville Med. Col., graduated March 24, 1903.

Satterfield, R., Shawnee; U. of Nashville, graduated March 30, 1900.

Sholars, L. A., Shawnee; Med. Dept. of Tulane U., graduated May 2, 1900.

Scott, J. H., Shawnee; Ky. School of Med., graduated June 20, 1894.

Shinner, H. S., Shawnee; Col. of P. & S., graduated March 13, 1883

Sewell, N., Tecumseh; Atlanta Medical College, graduated March 4, 1889.

Sampson, A., Earlboro; Ter. Bd. of Med. Exrs., graduated February 15, 1898.

Short, P. A., Avoka; Ft. Worth Med. College, graduated October 12, 1900.

Stoops, R. P., Norman; Col. of P. & S., of Chicago, graduated May 26, 1903.

Stoops, Eunice R., Norman; Am. Missionary Med. College, graduated June 16, 1902.

Smith, L. T., Lexington; Louisville Med. College, graduated March 25, 1897.

Webb, G. O., Temple; Tulane Med. Col., graduated May 1, 1901.
Wolcott, A. J., Chandler; Ter. Med. Exam. Bd., graduated July 23, 1892.
Wyman, F. W., Sac & Fox; Col. P. & S., Keokuk, graduated June 14, 1877.
Wells, J. W., Cushing; West Reserve U., graduated March 20, 1882.
Willis, F. K., Cushing; U. of Maryland, graduated April 16, 1892.
Walker, Delos, Oklahoma City; U. of Mich., graduated March 30, 1864.

Williams, C. W., Oklahcma City; Cleveland Col. P. & S., graduated May 22, 1897.

Walker, W. H., Oklahoma City; Louisville Med. Col., graduated March 25, 1895.

Wall, G. A., Oklahoma City; St. Louis Med. Col., graduated March 4, 1886.

West, A. K., Oklahoma City; Memphis Hos. Med. Col., graduated March, 1894.

Wilcox, M. W., Oklahoma City; Dutton Med. Col., graduated April 12, 1899.

Wilkin, R. D., Oklahoma City; Col. P. & S., St. Louis, graduated March 10, 1891.

Winn, J. W., Oklahoma City; Med. Col. Ohic, Columbus, graduated March 1, 1870.

Witten, E. W., Oklahoma City; Mo. Med. Col., graduated March 31, 1891.

Watson, Bruce, Perry; Barnes Med. Col., graduated April 6, 1897.

Weber, A. A., Perry; Rush Med. Col., graduated April 5, 1903.

Whittenberg, C. W., Morrison; St. Louis Col. P. & S., graduated May 16, 1900.

Walker, J. A., Shawnee; Col. P. & S., graduated April 17, 1897.

Weatherford, L. H., Shawnee; Louisville Med. Col., February 22, 1883.

Wiley, A. W., Shawnee; Vanderbilt U., graduated March 1, 1881.

Wingfield, W. C., Shawnee; Ky. School cf Med., graduated June 28, 1878.

Willams, R. W., Dale; U. Med. Col. graduated March 28, 1899.

Woods, B. K., Anadarko; Ec. Med. Col., Cinn., graduated February 18, 1866.

White, N. P. H., Hinton; Col. P. & S., Balt., graduated March 31, 1893.

Wilkison, G. A., Bridgeport; Barnes Med. Col., graduated April 3, 1893.

Wellmans, C. L., Hydro; K. C. Med. Col., graduated March 22, 1901.

White, J. E., Ft. Cobb; Ind. Med. Col., graduated January 21, 1897.

Watson, W. H., Elk City; Col. P. & S., Keckuk, graduated February 26, 1890.

Wade, H. F., Merritt; Mo. State U., Columbia.

York, W. L., Hobart; Med. Col. of Ga., graduated March 1, 1869.

Young, D. B., Cooperton; Barnes Med. Col., St. Louis, graduated March 16, 1895.

Yates, W. D., Capron; Med. Dept., U. of Buf., N. Y., graduated March 26, 1889.

York, F. A., Mocre; Tex. State U., Galveston, graduated May 14, 1898.

Yates, B. D., Stillwater; Ensworth Med. Col., graduated February 28, 1903.

Zugg, C. L., Orlando; Col. P. & S., K. C., graduated March 26, 1902.

Zieman, Chas., Oklahoma City; Med. U. of Ohio, Columbus, graduated July 10, 1889.

In the composing of the above mailing list of the physicians of Oklahoma, there have undoubtedly been some errors made. The county records are absolutely incorrect as to the addresses of the medical profession of Oklahoma, for the reason that physicians are constantly changing location. This mailing list is possibly the only correct one to date, and it has cost a very considerable amount of labor and time. The Superintendents of the various county boards of health were called upon to assist in this work, and to a man all responded. They were asked to send to this office a complete list of the physicians practicing medicine in their various counties, such list to be made from personal knowledge of the Superintendent of the names and addresses of the physicians of his county. These lists were then taken and checked off by referring to the records of registration in this office. Where an error was found to exist, correspondence was taken up with the physician, and in all cases where it was possible, such error was corrected and the correction noted upon the records of this office.

After having read this report, where a physician finds an error exists either in his name, location or school, if he will note such error and communicate with this office, the correction will cheerfully be made. I believe in this manner there can be kept constantly at this office an absolutely correct mailing list of the physicians of Oklahoma.

EXPENDITURES.

Below will be found the original statement from the office of the Auditor, which covers the date, number of warrant, to whom issued, and for what amount, for the year 1903, and the first three fourths of 1904.

Before each warrant was issued there was filed in the office of the Auditor an itemized statement covering the amount claimed; this bill was in all cases approved by the Territorial Board of Health.

SUPERINTENDENT OF HEALTH CONTINGENT EXPENSES.

	Warrant No.	Amount.
March 31, 1903, To. E. E. Cowdrick	6001	$120.25
